

To help us with student safety and to improve the efficiency of our car rider dismissal we will assign a number to students to wear on their backpack. Families will receive 6 cards to dispense to persons responsible for picking up their child. That person must show the card to staff to be able to pick up a student at dismissal. Anyone without a card will need to show identification and staff members will contact the office to ensure they are on the emergency contact list in Harmony.

Please use this [Google Form](#) to complete car rider registration. Each child should be entered separately on the Child's name attending Pine Ridge Elementary section. Parents should register their children this week so we can begin this procedure on Monday.

You can register a student anytime this school year. Please sign up if your child is or will be a car rider at 3:00 dismissal.
