GENERAL INFORMATION (APPLICABLE TO 501-C-9 TRUST)

NAME OF PLAN	Southeast Dubois County School Employee Benefit Trust
TRUST I.D. NUMBER	35 - 2030550
PLAN NUMBER	501
PLAN EFFECTIVE DATE	December 1, 1997
PLAN REVISION DATE	January 1, 2018

PARTICIPANTS INCLUDED
This Summary Plan Description is for all eligible employees of Southeast Dubois School Corporation.

NAME AND ADDRESS OF EMPLOYER/PLAN SPONSOR/PLAN ADMINISTRATOR
Southeast Dubois County School Corporation
432 E 15th Street
Ferdinand, IN 47532-9199

Phone: (812) 817-0900
Fax: (812) 367-1075

The Plan Administrator is responsible for compliance with the provisions of ERISA relating to such position.

AGENT FOR SERVICE OF LEGAL PROCESS
The Plan Administrator named above.

PLAN SUPERVISOR
Dunn and Associates Benefit Administrators, Inc.
4550 Middle Road; Suite A
PO Box 2369
Columbus, IN 47202

Phone: (812) 378-9960
Fax: (812) 378-9967
Web: www.dunnbenefit.com
(includes *Dunn Online*)

Dunn Online is a service that provides plan participants with the ability to view their own eligibility and claims data plus more.

PLAN YEAR/CALENDAR YEAR:
The financial records of the Plan are kept on a Plan Year basis beginning each September 1 and ending on each August 31.

Deductible and coinsurance information is kept on a calendar year basis beginning each January 1.

TYPE OF ADMINISTRATION
The Plan is administered by the Employer with the following coverages:

a. medical benefits are self-insured by the Employer. Excess loss policies have been obtained for specific and aggregate coverage on behalf of the Employer. The excess loss premiums are paid by the Trust.

Excess loss policies are on file in the office of the Plan Administrator and are open to inspection at any time during regular business hours.

The Employer has given the named Plan Supervisor authority to control and manage the operation and administration of this Plan.

PLAN BENEFITS
Other Summary Plan Descriptions may have been prepared for additional benefits for Employees of the Employer. This Plan covers only those benefits shown below:

For Covered Employees and Dependents:
Comprehensive Medical Benefits

This Plan is the result of any collective bargaining agreement.

FUNDING

The Plan is funded through a 501-C-9 Trust by directed contributions from the Employee and this Employer. Any Employee contributions toward the cost of the coverage provided by this Plan will be deducted from his pay and they are subject to change.

President of Southeast
Dubois County CTA
Southeast Dubois County School Corporation
432 East 15th Street
Ferdinand, IN 47532-9199

CLAIM PROCEDURES

WHEN TO FILE CLAIM

Report claims promptly. ***Claims should be filed with the Plan Supervisor within 90 days of the date charges were incurred*** by you or through an authorized representative. Claims filed later than that day will not be covered unless:

a. it is not reasonably possible to report the claim in that time **and**
b. the claim is reported no later than March 31 of the year following the year the claim was incurred (this period will not apply when the person is not legally capable of reporting the claim).

SUPPORTING DOCUMENTATION

The Plan Supervisor will determine if enough information has been submitted to enable proper consideration of the claim. If not, more information may be requested. Verification of facts or assertions pertaining to any claim, including (but not limited to) accident related information, submission of x-ray and other appropriate diagnostic information may be necessary to make a benefit determination. Keep in mind:

CLAIM FORM

If your healthcare provider will not file claim on your behalf, obtain a claim form from your Employer.

All sections of the claim form should be completed each time a claim is submitted. If a section is not applicable, write "N/A." The claimant must sign the claim form authorizing it to be processed. If payment is to be made to the provider, the claimant must also sign this authorization. If any of this information is missing, it could take longer to process the claim.

In some cases, the attending doctor may provide the Employee with a fully itemized bill. If the Employee has this bill, simply attach it to the claim form without having the doctor complete Physician or Supplier Information. The bills and/or claim form should show:

a. name of patient
b. period of time covered by the charges
c. date and charge for the visit
d. complete and accurate diagnosis
e. current Procedural Terminology (CPT) if charge is for surgery or anesthesia
f. provider's federal I.D. number or Social Security Number
g. complete current address of provider including zip code

Canceled checks and balance due statements typically ***do not*** provide enough information for the Plan Supervisor to process a claim and could delay processing of the claim. Attach originals of itemized bills and keep copies for Employee records.

PRESCRIPTION DRUG CLAIMS

When a Network Pharmacy is used, the cost of drugs will be filed with the Plan Supervisor by the pharmacy. If the Employee has other coverage/insurance and it is primary to this Plan or a pharmacy not in the Network is used, drug claims will need to be filed by the Employee. Claims filed by the Employee should show:

a. name of person for whom drug was prescribed
b. prescription number and name of drug
c. cost of the drug and date of purchase--cash register receipts, canceled checks or charge card receipts cannot be accepted for consideration
d. if the drug is a generic drug; the prescription receipt must be marked GENERIC by the pharmacist

SECOND SURGICAL OPINION CLAIMS

Although a second opinion is not required, if a covered person is considering surgery and obtains a second opinion from another surgeon, please be sure that it is clearly stated on the bill that the charge was for a second surgical opinion.

PRIMARY COVERAGE/INSURANCE INVOLVED

An Explanation of Benefits (EOB) must be submitted with all claims when the charges have or should be considered by another primary plan first. To determine if a claim should be considered by another primary plan prior to being submitted under this Plan, please see the "Coordination with Other Plans" section in this document.

NOTIFICATION OF BENEFIT DETERMINATION

The Plan Administrator, through the Plan Supervisor shall approve or deny (in whole or in part) each claim. Payment of a benefit is considered approval of a claim. If your claim is denied in whole or in part, you will receive a written notice of the

denial. The notice will include:

a. the specific reason(s) for the adverse claim decision;
b. a reference to pertinent Plan provision, internal rules, guidelines, protocol, or similar criterion relied on in making the adverse determination (or a statement that such information will be provided free of charge upon request);
c. if the denial is based on medical necessity or experimental treatment, an explanation of the scientific of clinical judgment used in making the decision (or a statement that an explanation will be provided free of charge upon request);
d. a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access and copies of all other relevant documents;
e. a description of any additional information needed from the covered person and an explanation of why such information is necessary, when applicable;
f. an explanation of the Plan's claim review procedure and time limits; and
g. a statement informing the claimant about the right to bring a civil action under section 502(a) of ERISA.

You may appeal adverse claim decisions as explained in the "Claims Appeal and Review Procedure" section of this booklet either yourself or through an authorized representative.

Urgent Care Claims
If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable (which this Plan does – see "The Pre-utilization Program" section), and if the Plan or your physician determines that it is an urgent care claim, you will be notified of the decision not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 24 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

Other Claims (Pre-Service and Post-Service)
If the Plan requires you to obtain advance approval of a service, supply or procedure before a benefit will be payable (which this Plan does – see "The Pre-utilization Program" section), a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside the Plan's control. In that case, you will be notified of the extension before the end of the initial 15 or 30 day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of the Plan's claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to a Plan representative responsible for handling benefit matters, but which otherwise fail to follow the Plan's procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

Ongoing Course of Treatment
If you are receiving an ongoing course of treatment, you will be notified in advance if the Plan intends to terminate or reduce benefits for the course of treatment so that you will have an opportunity to appeal the decision before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

CLAIM PAYMENT TO AN ESTATE OR MINOR
If any benefits of the Plan shall be payable to the estate of a covered person or to a minor or individual who is incompetent to give a valid release, the Plan may pay such benefits to any relative or other person either whom the Plan determines to have accepted competent responsibility for the care of such individual or otherwise required by law. Any payment made by the Plan in good faith pursuant to this provision shall fully discharge the Plan and Employer to the extent of such payment.

PREFERRED PROVIDER ORGANIZATIONS

Preferred Provider Organizations (PPO's) are networks of health care professionals that are contracted to accept a negotiated reasonable and customary fee as the covered amount for specific services. These preferred providers will file claims directly with the Plan Supervisor and have agreed not to "balance bill" an eligible insured for the amount of the charge above the negotiated fee schedule. The Primary PPO for this Plan is **Patoka Valley Health Care Cooperative** (PVHCC).

For covered persons living **within** the PVHCC Service Area
All providers contracted with PVHCC will be considered "In-Network" providers. Covered expenses incurred by an "In-Network" provider (hospital or physician) will be covered at a higher rate than "Out-of-Network" Providers (providers **not** listed as a participating provider of the PVHCC Network). See the Schedule of Benefit within this Summary Plan Description booklet for additional information and exceptions to this payment process.

When services are not available within the PVHCC Service Area, an "In-Network" physician may refer the patient to a provider in the Encircle/Encore Health Network (wrap-around network). If such a referral is needed, PVHCC MUST be notified PRIOR to the visit to the "Out-of-Network" provider. If the referral is approved by PVHCC, covered expenses will be paid at the "In-Network" rate. If the referral is not requested and/or not approved by PVHCC, the covered expenses will be paid at the "Out-of-Network "rate.

For covered persons living **outside** of the PVHCC Service Area
WRAP NETWORK
All providers contracted with the Encircle/Encore Health "wrap" network will be considered "In-Network" providers. The covered person will not be required to get a referral approval from PVHCC if participant lives outside of the PVHCC service area. Covered expenses incurred by an "In-Network" provider (hospital or physician) will be covered at a higher rate than "Out-of-Network" Providers (providers **not** listed as a participating provider of the Encircle/Encore Health Network). See the Schedule of Benefit within this Summary Plan Description booklet for additional information and exceptions to this payment process.

NATIONAL WRAP NETWORK
All providers contracted with the First Health "national wrap" network will be considered "In-Network" providers. The covered person will not be required to get a referral approval from PVHCC if participant lives outside of the PVHCC service area. Covered expenses incurred by an "In-Network" provider (hospital or physician) will be covered at a higher rate than "Out-of-Network" Providers (providers **not** listed as a participating provider of the First Health Network). See the Schedule of Benefit within this Summary Plan Description booklet for additional information and exceptions to this payment process.

PVHCC Service Area:
Fully County – Crawford, Daviess, Dubois, Martin, Orange, Perry, Pike and Spencer.
Partial County – Gibson zip code 47660 (Oakland City) and Warrick zip code 47673 (Tennyson)

An updated list of PVHCC and Sagamore providers can be obtained free of charge from the Human Resources Department of this Employer, the Plan Supervisor, or by contacting the network(s) directly:

PPO Network	Website	Phone
PVHCC	www.pvcooperative.com	(812) 683-3332 or (800) 318-1590
Encircle/Encore	www.encoreconnect.com	(888) 574–8180
First Health	http://firsthealth.coventryhealthcare.com	(800) 226-5116

Additional Preferred Provider Organizations may be utilized in order to optimize coverage areas. When this occurs, and the services are received outside the PVHCC, Encircle/Encore or First Health service areas with a referral, the covered charges will be paid at the "In-Network" rate. It should not be assumed that covered expenses incurred by these providers will always be paid at the "In-Network" rate since providers could be free to become non-participating providers at any time.

Referrals
Referrals to an Out-of-Network provider are covered as Out-of-Network services, supplies and treatment. It is the responsibility of the covered person to assure services to be rendered are performed by In-Network providers in order to receive the In-Network provider level of benefits. PVHCC may only make a referral to an out-of-network provider if there is not a specialist provider within any network.

Note that providers are free to become non-participating providers at any time; therefore, it is the covered person's responsibility to ensure providers are still in the appropriate network prior to having services rendered.

Services received at Riverview Surgery Center located in Rockport, Indiana. Tax ID# 45-2951941 will be considered a non-covered benefit under this plan. Payment for all expenses billed by this facility will be the responsibility of the participant.

<u>Exceptions</u>
The following listing of exceptions represents services, supplies or treatments rendered by an Out-of-Network provider where covered expenses shall be payable at the In-Network level of benefits:

a. a covered person is outside of the state of Indiana for business or personal reasons for a short duration when expenses were incurred. "Short duration", for the purposes of the plan is defined as four (4) weeks or less. When travel is for business, "short duration" does not apply.

THE PRE-UTILIZATION PROGRAM

Employees and dependents are under a pre-utilization review program coordinated by Clinix, a utilization review/case management company. Pre-utilization review includes utilization review, concurrent stay review, and discharge planning.

SERVICES REQUIRING PRE-UTILIZATION REVIEW
Hospital Admissions – All inpatient hospital admissions over 18 hours require pre-utilized review. Maternity stays are excluded from this requirement unless the mother or baby remains in the Hospital for more than 48 hours following a normal delivery or for more than 96 hours following a cesarean section.

Group health plans and health insurance issuers generally may not, under Federal Law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. *However, Federal Law generally does not prohibit the mother's or newborn's attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable).* In any case, plans and issuers may not, under Federal Law, require that a provider obtain authorization from the Plan or the issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

Outpatient Surgical Procedures – Any outpatient surgical procedure that takes place in an operating room or surgery center have a pre-utilization review prior to the procedure. In addition, the following outpatient procedures also require pre-utilization review:

a. Outpatient Chemotherapy
b. Outpatient Radiation Therapy
c. Outpatient Dialysis

MRI's (outpatient only) – Outpatient Magnetic Resonance Imaging (MRI) procedures.

Durable Medical Equipment (DME) – Medical equipment which is not disposable (i.e., is used repeatedly) and is only related to care for a medical condition. Examples would include wheelchairs, home hospital beds, and so forth.

Home Health Care – Items and services provided as needed in patients' homes by a home health agency (HHA) or by other under arrangement made by an HHA.

Hospice Care – Services provided by a health care facility or program providing medical care and support services, such as counseling, to terminally ill persons and their families.

Pregnancies – Clinix should be notified when you become pregnant. Inpatient maternity stays of no more than 48 hours following a vaginal delivery or 96 hours following a cesarean section are excluded as mentioned above.

Therapy – Physical, Occupational and Speech Therapy.

Cancer Care – Cancer care includes but is not limited to chemotherapy, radiation, and surgical removal.

Sleep Studies – Contact Clinix prior to scheduling sleep study procedures.

PET Scans (outpatient only) – Outpatient Positron Emission Tomography (PET) scans.

Skilled Nursing Care – Around-the-clock nursing and rehabilitative care that can only be provided by, or under the supervision of, skilled medical personnel.

HOW TO OBTAIN PRE-UTILIZATION REVIEW
Call Clinix 1-800-227-2298 and provide the following information to the case manager:

a. name of the covered person being treated
b. social security number or other identifying number of the Employee
c. recommended procedure
d. proposed date of procedure

For planned (elective) inpatient admissions, call at least 7 days prior to admission, for emergency admissions, call within 48 hours following admission, and for obstetrical care, call during the 1st trimester. For all other services requiring pre-utilization review, call prior to scheduling the procedure/care or obtaining equipment.

Confidential voice mail is available 24 hours per day. If voice mail left, remember to leave information above.

If the covered person believes this request is "urgent" (see "Urgent Claim" in Definitions section), he should indicate this to the case manager. A health care provider may call on behalf of the covered person, and the provider also may indicate urgency to the case manager.

A covered person (or the parent or guardian of a covered person who is a minor or otherwise legally incapacitated) may designate an authorized representative for purposes of requesting pre-utilization review of services or appealing a denial involving Care Management in writing. Except that in the case of a claim involving urgent care, a health care professional with knowledge of condition may always act as an authorized representative.

NOTIFICATION OF PRE-UTILIZATION DETERMINATION
If a request for pre-utilization review is "urgent", the case manager will advise whether the request is approved or denied within 72 hours. If a request for pre-utilization review is not "urgent", the case manager will advise whether the request is approved or denied within 15 days.

The case manager will approve a requested procedure, service or supply only if it finds it to be medically necessary and medically appropriate, based on the severity and complexity of the covered person's illness or injury, the covered person's age and general health, and medical necessity/appropriateness guideline. ***However, a determination by the case manager that a requested procedure, service or supply is medically necessary and/or medically appropriate does NOT mean that the procedure, service or supply is a covered expense under this Plan.***

CONTINUED CONFINEMENT
If, in the opinion of the person's physician, it is necessary for the person to be confined for a longer time than already certified, the Employee, the physician, or the hospital may get more days certified by calling Clinix. This must be done no later than on the last day that has already been certified. Written notice of the number of days certified will be sent promptly to the hospital. A copy will be sent to the Employee and to the physician.

CONCURRENT REVIEW
The concurrent review process assesses the necessity for continued stay, level of care, and quality of care for members receiving inpatient services. All inpatient services extended beyond the initial pre-utilization will require concurrent review.

DISCHARGE PLANNING
Discharge planning may be initiated at any stage of the patient management process and begins immediately upon identification of post-discharge needs during pre-utilization or concurrent review. The discharge plan may include initiation of a variety of services/benefits to be utilized by the member upon discharge from an inpatient stay.

CASE MANAGEMENT
Clinix will review the medical care provided to covered persons and may recommend alternative, cost-efficient programs of treatment. Such programs will be implemented only with the consent of the covered person, his physician, and the Plan Supervisor and may, in appropriate cases, provide for payment of benefits that would not otherwise be covered by the Plan, if payment of such benefits is expected to accelerate recovery or reduce overall expenses.

DISEASE MANAGEMENT
This Plan includes a disease management program. This is a program that targets Covered Persons identified as needing assistance with the management of their chronic illness. The identified Covered Persons are assigned to a Nurse Educator who will work with them in the areas of participation education, medication compliance, targeting risk factors, potential complication identification, specialist physician follow-up, disease triggers, and appropriate medical follow-up care. Disease management participants are also educated about modifying certain lifestyle factors in order to improve their overall health.

IF THERE IS A DISAGREEMENT / APPEALS
The decision to hospitalize, perform a procedure or use a particular vendor at all times rest with the covered person and his physician. A covered person (or the authorized representative of the covered person) may appeal any whole or partial denial of pre-utilization review of services as described under the "Claims Appeal and Review Procedure" section of this booklet. Note that since pre-utilization review is performed by Clinix and not the Plan Supervisor, appeals related to adverse pre-utilization review decisions should be directed to Clinix and **not** Dunn and Associates.

BENEFIT REDUCTION
If the procedures for Pre-utilization Review of Hospital Admissions are not followed, covered charges will be subject to a $250 per admission penalty. This penalty will not count toward any deductible or co-insurance maximums.

▪ ▪ ▪ R E M E M B E R ▪ ▪ ▪

- ✓ *Call* Clinix *BEFORE receiving care mentioned above.*
- ✓ *In emergencies, the Employee still needs to let* Clinix *know that a covered person has been admitted to the hospital within 48 hours of the admittance.*
- ✓ *An Employee should check his coverage under this Plan.* Clinix *reviews and approves the hospitalization. It does <u>not</u> approve Employee or dependent eligibility or that all charges are covered. An Employee must check his Plan for eligible procedures and charges.*
  If the Employee does not follow procedures as required for hospital admissions, a $250 per admission penalty will apply to the covered charges.

ELIGIBILITY

ELIGIBILITY FOR EMPLOYEES

Employees – Full-time is defined as employees who are scheduled to work at least 30 hours per week at the usual place of business or the location which you are required to travel. No person may be both an employee and a dependent of this Plan.

Upon retirement, certified employees may be eligible to continue coverage under this Plan. For more information, refer to the Retiree Health Benefits section within this document.

WAITING PERIOD

All eligible employees will commence coverage on the first day of the month following employment for this Employer. All coverage will commence on these dates if the Employee has agreed to make any required contributions for coverage (but not until an enrollment card has been completed and signed).

EFFECTIVE DATE OF COVERAGE

All eligible employees will commence coverage on the first day of continuous service for this Employer if the Employee has agreed to make any required contributions for coverage (but not until an enrollment card has been completed and signed). If application is made after the initial date of eligibility (other than during a special enrollment period available to special enrollees), the Employee shall be considered a Late Enrollee and, coverage for the eligible employee shall not become effective until the next Open Enrollment period.

ELIGIBILITY FOR DEPENDENTS

An Employee may request coverage for his/her eligible dependents. All dependents must meet the criteria listed in the definitions section to be eligible for coverage.

All eligible dependents will commence coverage on the day the Employee does if written application has been made on or before the effective date. If the Employee makes a written request for coverage after the date on which he is eligible for dependent coverage, those persons who are his dependents shall be considered Late Enrollees and, coverage shall not become effective until the next Open Enrollment period.

COMPLIANCE WITH HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT OF 1996

In 1996 the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") was passed by Congress. Pursuant to HIPAA, the Plan will at no time take into consideration any health status-related factors (including both physical and mental illnesses, prior receipt of health care, prior medical history, genetic information, evidence of insurability, conditions arising out of acts of domestic violence, or disability) which exists in relation to a person who is eligible for coverage under the Plan for purposes of determining the initial or continued eligibility of that person for coverage under the Plan, for determining the level of contribution of the person to Plan funding, or to determine the level of benefits which will be made available to a person.

SPECIAL ENROLLMENT PERIOD (OTHER COVERAGE)

An Employee or Dependent who did not enroll for coverage under this Plan because he or she was covered under other group coverage or had health insurance coverage at the time he or she was initially eligible for coverage under this Plan, may request a special enrollment period if he or she is no longer eligible for the other coverage. Special enrollment periods will be granted if the individual's loss of eligibility is due to:

a. termination of the other coverage (including exhaustion of COBRA benefits);
b. cessation of employer contributions toward the other coverage;
c. legal separation or divorce;
d. termination of other employment or reduction in number of hours of other employment; **or**
e. death of Covered Person.

The end of any extended benefits period which has been provided due to any of the above will also be considered a loss of eligibility.

However, loss of eligibility does not include a loss due to failure of the individual to pay premiums or contributions on a timely basis or termination of coverage for cause (such as making a fraudulent claim or an intentional misrepresentation of a material fact in connection with the other coverage.)

The Employee or Dependent must request the special enrollment and enroll no later than thirty (30) days from the date of loss of other coverage.

The effective date of coverage as the result of a special enrollment shall be the first day following the loss of coverage if proper enrollment procedures are completed within thirty (30) days of the loss of coverage.

SPECIAL ENROLLMENT PERIOD (DEPENDENT ACQUISITION)
All Employees, currently covered or not, who acquire a new Dependent may request a special enrollment period. For the purposes of this provision, the acquisition of a new Dependent includes marriage, birth of a dependent child, or adoption or placement for adoption of a dependent child. The Employee must request the special enrollment within thirty (30) days of the acquisition of the Dependent.

The effective date of coverage as the result of a special enrollment shall be:

a. in the case of marriage, the date of marriage
b. in the case of a Dependent's birth, the date of such birth
c. in the case of adoption or placement for adoption, the date of such adoption or placement for adoption

SPECIAL ENROLLMENT PERIOD (CHIP)
Effective April 1, 2009, when an employee or eligible dependent is covered under a Medicaid plan or state's children's health insurance program (CHIP) and loses eligibility under that plan; or becomes eligible under a CHIP or Medicaid plan for premium assistance that could be used toward the cost of an employer health plan, may be enrolled within 60 days of losing coverage.

OPEN ENROLLMENT
An open enrollment period shall be held annually during the month of August. During this open enrollment period, Employees who have not previously elected coverage under the Plan and who do not qualify for a Special Enrollment Period as described herein, may enroll for coverage for themselves and/or any eligible Dependents. Coverage shall be effective on September 1 for Employees or Dependents who enroll during an open enrollment period. All Plan provisions shall apply to an Employee or Dependent who enrolls in the Plan during an open enrollment period.

WORKING SPOUSE RULE
If the spouse of the Employee is employed and eligible for coverage under their own employer (regardless of cost) that spouse will NOT be eligible for coverage through this plan. The Working Spouse Rule does not require a spouse to enroll in his/her employer's plan. However, if the spouse is eligible to enroll, there will be no coverage under this plan. Mini-med or Limited Benefit plans with less than $10,000 annual coverage will not be considered insurance coverage under this provision.

SCHEDULE OF BENEFITS

This Schedule of Benefits includes the benefits available, coverage amounts and maximum amounts that apply under the Plan. However, Plan payment is not based solely on the Schedule of Benefits. For a complete understanding of whether a particular charge will be paid and at what level, all provisions outlined in this document must be reviewed.

	Plan A: Deductible waived and copays do not apply toward deductible and coinsurance limits. Embedded out of pocket maximum, if a member has family coverage, any combination of covered family members can help meet the family out of pocket maximum up to each person's individual out of pocket maximum.		Plan B: Embedded deductible/out of pocket maximum, if a member has family coverage, any combination of covered family members can help meet the family deductible/out of pocket maximum up to each person's individual deductible/out of pocket maximum.		
CanaRx	100% no deductible	Not applicable	100% after deductible	Not applicable	All member copayments have been waived for this program only. Deductible will be applied to the H.S.A. Plan when applicable.

DEFINITIONS

ACCIDENTAL INJURY – An injury is a condition caused by accidental means which results in damage to the covered person's body from an external force.

ACTIVE WORK, ACTIVELY WORKING, ACTIVELY AT WORK – A requirement that an Employee be actively at work on full-time basis at the Employer's place of business, or at any other place that the Employer's business requires the Employee to go.

ADVERSE BENEFIT DETERMINATION – Denial, reduction, termination of, or a failure to provide or make payment (in whole or in part) for a benefit. It includes a decision to deny benefits based on(a) the individual being ineligible to participate in the Plan, (b) utilization review and (c) a treatment being characterized as experimental or investigational or not medically necessary or appropriate. It also includes a concurrent care decision (other than a reduction in coverage due to Plan amendment or termination).

AMBULATORY SURGICAL FACILITY – A facility licensed by the state in which it operates for outpatient surgical procedures. If the state does not issue such licenses, it means a facility with an organized staff of physicians which:

a. has permanent facilities and equipment for the primary purpose of performing surgical procedures on an outpatient basis;
b. provides treatment by or under the supervision of physicians and nursing services whenever the patient is in the facility;
c. does not provide inpatient accommodations;
d. is not, other than incidentally, a facility used as an office or clinic for private practice of an individual provider; and
e. has appropriate government planning approval, if required by its state laws.

AUTHORIZED REPRESENTATIVE – An "authorized representative" means a person authorized, in writing by the covered person, to act on the covered person's behalf. The parent or guardian of a covered person who is a minor or otherwise legally incapacitated may appoint authorized representative for covered person. The Plan will also recognize a court order giving a person authority to submit claims on covered person's behalf, except that in the case of a claim involving urgent care, a health care professional with knowledge of condition may always act as an authorized representative.

BRAND NON-PREFERRED – Brand Non-Preferred drugs are those drugs <u>not</u> on Preferred Drug Listing. The Preferred Drug Listing is compiled by a committee of clinical pharmacists and practicing physicians for their safety, quality and effectiveness.

BRAND PREFERRED – Brand Preferred drugs are those drugs on Preferred Drug Listing. The Preferred Drug Listing is compiled by a committee of clinical pharmacists and practicing physicians for their safety, quality, and effectiveness.

COINSURANCE – Coinsurance describes how the cost of health expenses is shared between the Employer and the Employee. For the in-network 80/20 portion of this Plan, the Employer pays 80% of the covered expense while the Employee is responsible for the remaining 20%. For the out-of-network 50/50 portion of this Plan, the Employer pays 50% of the covered expense and the Employee is responsible for 50%. This is sometimes called a "copayment."

COMMUNITY MENTAL HEALTH CENTER – This is a facility which:

a. offers a program of services approved by the state Department of Mental Health;
b. is organized for the purposes of providing multiple services of persons with mental illness, including substance abuse; and
c. is licensed by the state in which it operates.

CONCURRENT CARE – An ongoing course of treatment to be provided over a period of time or for a specified number of treatments.

CONCURRENT CARE DECISION – Occurs when the Plan previously approved an ongoing course of treatment provided over a period of time, or the Plan approved a specific number of treatments, and the Plan subsequently reduces or terminates coverage for the treatments.

CONCURRENT STAY REVIEW – A review by the utilization review/case management company which occurs during the covered person's hospital confinement to determine if continued inpatient care is a covered service.

CONVALESCENT FACILITY – An institution or a distinct part of an institution meeting all of the following tests:

a. it is licensed to provide and is engaged in providing, on an inpatient basis, for persons convalescing from injury or disease, professional nursing services rendered by a registered graduate nurse or by a licensed practical nurse under the direction of a registered graduate nurse, physical restoration services to assist patients to reach a degree of body functioning to permit self-care in essential daily living activities;
b. its services are provided for compensation from its patients and which patients are under the full-time supervision of a physician or registered graduate nurse;
c. it provides 24 hour per day nursing services by licensed nurses, under the direction of a full-time registered graduate nurse;

d. it maintains a complete medical record on each patient;
e. it has an effective utilization review plan; and
f. it is not, other than incidentally, a place for rest, the aged, drug addicts, alcoholics, the mentally handicapped, custodial or educational care or care of mental disorders.

COORDINATION OF BENEFITS (COB) – Coordination of Benefits, also called COB, describes how expenses covered by two separate health programs are shared. When an individual is covered for health benefits under two separate plans, coordination of benefits rules define the order in which the plans will make payment. More information, including the order of benefit payments for dependents, is provided under the section called "Coordination with Other Plans."

COPAYMENT/COPAY – A cost sharing arrangement whereby a covered person pays a set amount to a provider for a specific service at the time the service is provided.

COSMETIC SURGERY – Surgery is cosmetic if it is intended to change:

a. the texture or appearance of the texture, shape or structure of any part of the human body considered normal, allowing for age and ethnic origin; or
b. the relative size or position of any part of the body; when such surgery is not needed to correct or improve a bodily function.

Cosmetic surgery includes surgery performed to treat a mental or nervous disorder through change in appearance.

COVERED – When describing "employee" or "dependent," this means entitled to receive benefit payments under the terms of the Plan. When describing "charges," "expenses," "illness," or "injury" it means occurring after the effective date of coverage and not excluded from coverage.

COVERED EXPENSES – Covered expenses are those which are eligible for payment under the Plan, if all Plan requirements are met.

CREDITABLE COVERAGE – Creditable Coverage includes coverage of an individual under a group health plan (including COBRA), individual health insurance coverages, Medicare, Medicaid, military sponsored health care, a program of the Indiana Health Service, a state health benefits risk pool, the Federal Employees Health Benefit Program, a public health plan as defined in regulations and any health benefit plan of the Peace Corps Act. Creditable Coverage also includes short term, limited coverage.

CUSTODIAL CARE – Care is custodial if it is comprised of services and supplies, including room and board and other institutional services, which are provided to an individual whether disabled or not, primarily to assist this patient in the activities of daily living.

Such services and supplies are custodial care without regard to the practitioner or provider by whom or by which they are prescribed, recommended or performed. Such care includes, but is not limited to, helping a patient walk, get into or out of a bed and take normally self-administered medicine. The Plan Supervisor will determine, based on reasonable medical evidence, whether care is custodial.

DEPENDENTS – Shall be:

a. an Employee's spouse (who is not divorced or legally separated) living in the same household. Evidence of marriage in the for of official documents or notarized statements may be required before coverage can commence; and
b. an Employee's children up to 26 years of age (will term the end of the month following 26th birthday), regardless of whether they are eligible for other health coverage (employer sponsored or otherwise).
c. a child who is the subject of a Qualified Medical Child Support Order (QMCSO).

The term "children" will include:

a. an Employee's own natural children an Employee's legally adopted child (or one for whom legal adoption proceedings have been initiated
b. all step-children (parent is currently married to the Employee)
c. A child for whom the employee or employee's spouse has legal guardianship.

<u>Mentally or Physically Handicapped Dependents</u> - The term "dependent" shall also mean an unmarried child, who, if on such child's termination date, is incapable of self-sustaining employment by reason of mental or physical handicap and such child is chiefly dependent upon the Employee for support and maintenance.

Proof of incapability must be submitted to the Plan Supervisor within 120 days of the child's 19th birthday. The child must have been incapacitated prior to age 19 and covered as a dependent under this Plan. The Plan Supervisor also has the right to require, at reasonable intervals, proof that an Employee's child has been fully handicapped continuously since the last proof was submitted.

After a child's coverage has been continued under this section for two years, the Plan Supervisor will not require this proof more often than once a year. If an Employee fails to submit any required proof, or refuses to permit a medical examination of the child as requested, he/she will be considered no longer fully handicapped.

No person may be covered as a dependent of more than one Employee of this Employer. No person who is a full-time member of the Armed Forces may be considered a Dependent, except as otherwise required under USERRA.

DIAGNOSTIC SERVICES – The following procedures ordered by a qualified physician because of specific symptoms, in order to determine a definite condition or illness:

a. radiology, ultrasound, and nuclear medicine;
b. laboratory and pathology;
c. EKG, EEG, and other electronic diagnostic medical procedures;
d. psychological testing; and
e. neuropsychological testing.

DIALYSIS –dialysis services and supplies (inpatient and outpatient) which are provided and billed by a Physician or Medicare-certified dialysis center will be covered under the Plan up to the limits shown in the Schedule of Benefits.

Home self-dialysis will also be considered a covered expense when ordered by the attending physician. Laboratory tests, equipment, and consumable/disposable dialysis supplies related to home dialysis will also be covered when considered medically necessary by the Plan Supervisor.

PPO rate or Reasonable and Customary does not apply in this instance.

No benefits shall be payable under this Plan for the following services and supplies, as well as, services and supplies similar to those listed below (not an all inclusive listing):

a. home alterations;
b. water supply;
c. electrical power installation;
d. sanitation waste disposal;
e. air conditioning;
f. convenience and comfort items.

DONOR – A donor is the person who provides the organ for the recipient in connection with organ transplant surgery. A donor may or may not be an Employee or Dependent covered under the provisions of this Plan. Charges for donor expenses may or may not be covered by the Plan depending on the benefits set out in the Plan.

DRUG SCREENING – a qualitative drug screening followed by confirmation with a second method when necessary may detect the presence of certain drugs and classes of drugs. Commonly screened for include amephetamines, cocaine, opiates, barbiturates, bensodiazepines, cannabinoids and ethanol. Drugs may also be detected using an assay specific to a single class of drugs. A routine drug screening is a test repeatedly performed for a participant one or more times weekly over a period of time.

DURABLE MEDICAL EQUIPMENT – Equipment that is customarily used to serve a medical purpose, is able to withstand repeated use and is not generally useful to a person in the absence of injury or illness.

EMERGENCY CARE – Emergency care is the first treatment given in a hospital's emergency room or emergency care facility after the sudden and unexpected onset of symptoms or an accident causing injuries which are severe enough to require immediate hospital level care. Hospital level care will be deemed to be required only if care could not safely and adequately have been provided other than in a hospital or adequate care was not available elsewhere in the area at the time and place it was needed.

EMPLOYEE – An Employee is a person employed by this Employer and assigned to, and regularly working for the required number of hours, and who is included in a class or group of employees to which the Plan has been and continues to be extended. For the purposes of brevity and clarity in this document, any references to the Employee will be in the male pronoun, his, which will in no way exclude any female Employee.

EXPERIMENTAL OR INVESTIGATIONAL

Services or treatments that are not widely used or accepted by most practitioners or lack credible evidence to support positive short or long-term outcomes from those services or treatments; these services are not included under or as Medicare reimbursable procedures, and include services, supplies, care, procedures, treatments or courses of treatment which:

1. Do not constitute accepted medical practice under the standards of the case and by the standards of a reasonable segment of the medical community or government oversight agencies at the time rendered; or

2. Are rendered on a research basis as determined by the United States Food and Drug Administration and the AMA's Council on Medical Specialty Societies.

All phases of clinical trials shall be considered Experimental.

A drug, device, or medical treatment or procedure is Experimental:

1. If the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration and approval for marketing has not been given at the time the drug or device is furnished;
2. If reliable evidence shows that the drug, device or medical treatment or procedure is the subject of ongoing Phase I, II, or III clinical trials or under study to determine its:
    a) maximum tolerated dose;
    b) toxicity;
    c) safety;
    d) efficacy; and
    e) efficacy as compared with the standard means of treatment or diagnosis; or
3. if reliable evidence shows that the consensus among experts regarding the drug, device, or medical treatment or procedure is that further studies or clinical trials are necessary to determine its:
    a) maximum tolerated dose;
    b) toxicity;
    c) safety;
    d) efficacy; and
    e) efficacy as compared with the standard means of treatment or diagnosis.

Reliable evidence shall mean:

1. Only published reports and articles in the authoritative medical and scientific literature;
2. The written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, device, or medical treatment or procedure; or
3. The written informed consent used by the treating facility or by another facility studying substantially the same drug, device, or medical treatment or procedure.

Notwithstanding the above, a prescription drug for a treatment that has been approved by the FDA but is used as a non-approved treatment (off label use) shall not be considered Experimental/Investigational for purposes of this Plan and shall be afforded coverage to the same extent as any other prescription drug; provided that the drug is recognized by one of the following as being Medically Necessary for the specific treatment for which it has been prescribed:

1. The American Medical Association Drug Evaluations;
2. The American Hospital Formulary Service Drug Information;
3. The United States Pharmacopeia Drug Information; or
4. A clinical study or review article in a reviewed professional journal.

Routine patient care costs for clinical trials include:

1. Covered health services for which benefits are typically provided absent a clinical trial;
2. Covered health services required solely for the provision of the investigational item or service, the clinically appropriate monitoring of the effects of the item or service, or the prevention of complications; and
3. Covered health services needed for reasonable and necessary care arising from the provision of an investigational item or service.

Routine costs for clinical trials do not include:

1. The experimental or investigational service or item;
2. Items and services provided solely to satisfy data collection and analysis needs and are not used in the direct clinical management of the patient; and
3. Items and services provided by the research sponsors free of charge for any person enrolled in the trial.

EXTENDED CARE/SKILLED NURSING FACILITY – An extended care/skilled nursing facility is a legally operated institution which:

a. for a fee provides convalescents with room, board and 24-hour care by one or more professional nurses and other nursing personnel needed to provide adequate medical care;
b. is under full-time supervision of a doctor or registered graduate nurse (RN);
c. keeps complete medical records on each patient;
d. if not operated by a doctor, has the services of one available under an established agreement;

e. is not an institution, or part of one, used mainly as a rest facility, a facility for the aged, drug addicts, alcoholics, the mentally handicapped, or custodial or educational care or care of mental disorders; and
f. has an effective utilization review plan.

FAMILY MEMBER – A family member is an Employee or a Dependent of the Employee. A "covered family member" is a family member with respect to whom coverage under this Plan is in force.

FOOT CARE (non-surgical) **EXPENSES** – Foot care and orthotics will be covered up to the limits shown in the Schedule of Benefits with the exception of medically necessary services covered the same as any other medical condition. Such services are as follows:

a. open cutting operation/surgery;
b. care of corns, bunions, calluses or toenails when medically necessary because of diabetes or circulatory problems;
c. care of heel spurs

GENERIC DRUG – A Prescription Drug which has the equivalency of the brand name drug with the same use and metabolic disintegration. This Plan will consider as a Generic Drug any Food and Drug Administration-approved generic pharmaceutical dispensed according to the professional standards of a licensed pharmacist and clearly designated by the pharmacist as being generic.

GENETIC INFORMATION – Information about genes, gene products, and inherited characteristics that may derive from an individual or a family member. This includes information regarding carrier status and information derived from laboratory tests that identify mutations in specific genes or chromosomes, physical medical examinations, family histories and direct analysis of genes or chromosomes.

HOME HEALTH CARE AGENCY – An agency that fulfills the following requirements: its main function is to provide Home Health Care Services and Supplies; it is federally certified as a Home Health Care Agency; and it is licensed by the state in which it is located, if licensing is required.

HOME HEALTH CARE PLAN – A Home Health Care Plan must meet the following requirements: it must be a formal written plan made by the patient's attending physician which is reviewed at least every 30 days; it must state the diagnosis; certify that the home health care is in place of Hospital confinement; and it must specify the type and extent of home health care required for the treatment of the patient.

HOSPICE – Free-standing or Hospital affiliated facility which provides short periods of stay for the Terminally Ill in a homelike setting for either direct care or respite. The facility must operate as an integral part of a formal Hospice Care Program. If such facility is required by the laws of the state where services are incurred to be licensed, certified, or registered, it is so licensed, certified, or registered.

HOSPICE CARE PROGRAM – A formal program directed by a Physician to help care for a Terminally Ill person that meets the standards set by the National Hospice Organization and has been approved by the Plan Supervisor. If the Hospice Care Program is required by a state to be licensed, certified, or registered, the program must also meet such requirements to be considered an eligible Hospice Care Program.

HOSPITAL – An institution is a hospital if it meets fully every one of the following tests:

a. it maintains on the premises an inpatient basis diagnostic and therapeutic facilities for surgical and medical diagnosis and treatment of sick and injured persons by or under the supervision of a staff of duly qualified physicians;
b. it continually provides on the premises 24 hour a day registered graduate nurse services;
c. it is recognized as a hospital by the Joint Commission on Accreditation of Hospitals or Medicare; and
d. it makes charges for its services.

For the services covered under this Plan and for no other purpose, inpatient services for treatment of mental illness or substance abuse that are provided by a community mental health center or by a psychiatric hospital licensed by the state Board of Health or the Department of Mental Health will be considered services rendered in a hospital as defined above.

The term "hospital" will not include, nor will the term "covered charges" include charges incurred in connection with confinement to any institution or part thereof used principally as a rest or nursing facility or a facility for the care of mental disorders, the aged, chronically ill, convalescents, drug addicts or alcoholics, or as a facility providing primarily custodial, educational or rehabilitative care.

ILLNESS – An illness is a sickness, bodily disorder or disease and mental or functional nervous disorder. For the purposes of the Plan, the following conditions are also considered as illnesses:

a. sterilization including vasectomy and tubal ligation;
b. alcoholism and drug addiction (substance abuse); and
c. the condition of being pregnant and all conditions and/or complications resulting from the pregnancy.

1. Pregnancy is covered the same as any other illness for female employees and covered dependents.
2. Elective abortions - coverage is limited to abortions performed upon recommendation of a physician due to medical complications.

INCURRED OR INCURRED DATE – With respect to a covered expense, the date the services, supplies or treatment are provided.

INCURRED EXPENSE – An expense will be considered to be incurred at the time the service or supply is actually provided.

INJURY – A physical harm or disability which is the result of a specific incident caused by external means. The physical harm or disability must have occurred at an identifiable time and place. Injury does not include illness or infection of a cut or wound, or self-inflicted injury.

INPATIENT – A covered person who is treated as a registered bed patient in a hospital and for whom a room and board charge is made.

LATE ENROLLEE – An individual who is enrolled for coverage after the initial eligibility date. Note, however, a special enrollee will not be considered a late enrollee.

LAYOFF – A period of time during which the employee, at the employer's request, does not work for the employer, but which is of a stated or limited duration and after which time the employee is expected to return to full-time, active work. Layoffs will otherwise be in accordance with the employer's standard personnel practices and policies.

LIFETIME – Wherever the word "Lifetime" appears in this plan document in reference to benefit maximums and limitations, it is understood to mean "while covered under this Plan". A new Plan Supervisor for this Plan does not constitute a new Plan. Under no circumstances does "Lifetime" mean "during the lifetime of the covered person".

MEDICALLY NECESSARY – Care and treatment is "medically necessary" only if the Plan Supervisor determines that it meets all of the following conditions:

a. the care and treatment is appropriate given the symptoms, and is consistent with the diagnosis, if any. "Appropriate" means that the type, level and length of services, and setting are needed to provide safe and adequate care and treatment;
b. it is rendered in accordance with generally accepted medical practice and professionally recognized standards;
c. it is not treatment that is generally regarded as experimental, investigational or unproven;
d. it is specifically allowed by the licensing statutes which apply to the provider who renders the service;
e. it is ordered by a doctor and documented in a timely fashion in the covered person's medical record;
f. it is necessary in combination with other care or treatment and is likely to provide a doctor with additional information when used repeatedly; and
g. it is not performed while the covered person is hospital confined when it could have been adequately performed in an outpatient facility.

MEDICARE – This is Title XVIII (Health Insurance for the Aged and Disabled) of the United States Social Security Act, as amended from time to time.

MENTAL OR NERVOUS DISORDER – Neurosis, psychoneurosis, psychopathy, psychosis, or mental or emotional illness or disorder of any kind. This would also include clinical dependency on drugs or alcohol. Conditions for which state or local law requires treatment in a public or private facility (court-ordered confinements) are not covered. It does not include learning disabilities, behavioral or conduct disorder conditions.

NON-OCCUPATIONAL ILLNESS OR INJURY – An illness is non-occupational if it does not arise out of (or in the course of) any work for pay or profit, nor in any way results from such occupation. An illness will be deemed to be "non-occupational" regardless of cause if proof is furnished that the person is covered under any type of workers' compensation law and is not covered for that illness under such law.

An injury is considered non-occupational only if it is an accidental bodily injury and does not arise out of (or in the course of) any work for pay or profit nor, in any way results from an injury which does.

NON-PARTICIPATING PROVIDER – Provider who does not hold a participating provider agreement with the preferred provider organization contracted by this Employer. Also referred to as "Out-of-Network" providers.

OPEN ENROLLMENT – The open enrollment period shall be held during the month of August of each year.

OUTPATIENT SUBSTANCE ABUSE FACILITY – This means an institution which:

a. provides a program for diagnosis, evaluation and effective treatment of substance abuse;
b. provides detoxification services need with its effective treatment program;

c. provides infirmary-level medical services or arranges with a hospital in the area for any other medical services that may be required;
d. is at all times supervised by a staff of physicians;
e. provides at all times skilled nursing care by licensed nurses who are directed by a full-time registered graduate nurse; and
f. prepares and maintains a written plan of treatment for each patient based on medical, psychological and social needs which is supervised by a physician and meets licensing standards.

PARTICIPATING PROVIDER – A designated institution, Physician or other provider who holds a participating provider agreement with the preferred provider organization contracted by this Employer. Also referred to as "In-Network" providers.

Note that providers are free to become non-participating providers at any time; therefore, it is the Covered Person's responsibility to ensure providers are still in the appointed network prior to having services rendered.

PHYSICIAN
A physician or person acting within the scope of applicable state licensure/certification requirements and holding the degree of Doctor of Medicine (M.D.), Doctor of Osteopathy (D.O.), Doctor of Dental Medicine (D.M.D), Doctor of Dental Surgery (D.D.S.), Doctor of Podiatry (D.P.M.), Doctor of Chiropractic (D.C.), Optometrist (O.D.), Certified Nurse Midwife (C.N.M.), Certified Registered Nurse Anesthetist (C.R.N.A.), Registered Physical Therapist (R.P.T.), Psychiatrist or Psychologist(Ph.D., Ed.D., Psy.D.), Master of Social Work (M.S.W.), Licensed Professional Counselor (L.P.C.),Audiologist, Physiotherapist, Occupational Therapist, Physician's Assistant, Nurse Practitioner, or Registered Respiratory Therapist, or Speech Language Pathologist.

In the case of mental health services, the term "physician" shall also include and be limited to a Psychiatrist, a holder of a doctoral degree who is licensed to practice psychology in the state of Indiana and a C.C.S.W. social worker.

PHYSIOTHERAPY – Physiotherapy is any treatment of an illness or injury by the use of physical means such as air, heat, cold, light, water, electricity or active exercise. This includes any non-surgical spinal treatment. "Spinal treatment" means detection or non-surgical correction by manual or mechanical means of a condition of the vertebral column including distortion, misalignment or subluxation.

PLAN – "Plan" refers to the benefits and provisions for payment of same as described herein.

PLAN ADMINISTRATOR – The Plan Administrator is the person responsible for the day-to-day functions and management of the Plan. The Plan Administrator may employ persons or firms to process claims and perform other Plan connected services.

PLAN DOCUMENT/MASTER PLAN DOCUMENT – The Document held by the Employer which describes the terms and conditions of the benefits of the Plan.

PLAN SUPERVISOR – The Plan Supervisor is the person or firm employed by the Employer who is given authority by the Employer for the processing of claims and payment of benefits in accordance with this Plan.

POST-SERVICE CLAIM – A claim for a benefit under the Plan that is not a pre-service claim or urgent care claim.

PRE-SERVICE CLAIM – A claim for a benefit that under the terms of the Plan requires you to receive, in whole or in part, pre-utilization review as a condition to receive the benefit.

PSYCHIATRIC HOSPITAL – A facility licensed by the state in which it operates to provide diagnostic and therapeutic services for inpatient treatment of mental illness, including substance abuse. If the state does not issue such licenses, a psychiatric hospital is a facility which is primarily engaged in providing diagnostic and therapeutic services for the inpatient treatment of mental illness and substance abuse, if such services are provided by or under the supervision of an organized staff of physicians and if continuous nursing services are provided by registered nurses.

QUALIFIED MEDICAL CHILD SUPPORT ORDER (QMCSO) – A QMCSO is defined as a medical child support order which (a) creates or recognizes the existence of a child's right to, or assigns to a child, the right to receive benefits for which a participant is eligible under this Plan; and (b) with respect to which each of the following requirements are met:

a. the medical child support order clearly specifies:
    1. the name and last known mailing address of the participant, and the name and mailing address of the child covered by the order;
    2. a reasonable description of the type of coverage to be provided;
    3. the period to which such order applies;
    4. the Plan to which such order applies; and

b. the medical child support order does not require the Plan to provide any type or form of benefit, or any option not otherwise provided under the Plan, except to the extent necessary to meet the requirements of a law relating to medical child support

described in Section 1908 of the Social Security Act, as added by Section 13822 of the Omnibus Budget Reconciliation Act of 1993.

REASONABLE AND CUSTOMARY – A "reasonable and customary" charge shall be the Maximum Allowable charge made by a physician or supplier of services, medicine or supplies. This Maximum Allowable Fee is determined by using the in-network PPO Fee Schedule. This Plan will utilize the in-network fee schedule to determine the reasonable and customary for medical, dental, and anesthesia services. For out-of-network claims, this Plan will utilize the in network PPO fee schedule to determine the maximum allowable amount per charge.

The allowable amount for assistant surgeon services will not exceed 20% of the maximum allowed amount for the surgery. Reasonable and customary limits for anesthesia charges will be based on the most recent guidelines provided by the American Society of Anesthesiologists (ASA). If multiple, bilateral, or incidental surgical procedures, which add significant time or complexity to patient care, are performed during the same operative session, the total value shall be the value of the major procedure plus 50% of the value of the lesser procedure(s).

The Maximum Allowable Charge limit is a cost control feature of this Plan. It is not intended to control or limit a patient's choice, or a provider decision, for necessary medical care. Due consideration will be given to the nature and severity of the condition being treated and any medical complications or unusual circumstances which requires additional time, skill or expertise.

RECIPIENT – The recipient is the person who receives the organ for transplant from the organ donor. The recipient shall be an Employee or Dependent covered under the provisions of this Plan. Only those organ transplants not considered experimental in nature are eligible for coverage under this Plan.

RETIRED CERTIFIED EMPLOYEE – A certified employee who on the date of retirement is at least 50 years of age and has at least 10 years of service with the Employer.

ROOM AND BOARD CHARGES – Charges made by an institution for room and board and other necessary services and supplies must be regularly made at a daily or weekly rate.

Semi-private rate is the charge which an institution applies to the most beds in its semi-private room with 2 or more beds. If there are no such rooms, it will be the rate most commonly charged by similar institutions in the same geographic area.

Private room charges will not be covered unless certified as medically necessary by the attending physician and approved by the Plan Supervisor. For the purposes of this benefit, "medically necessary" means the facility has no semi-private or less expensive accommodations, or all such accommodations are occupied and the patient needs hospitalization immediately and such inpatient treatment cannot be deferred until less expensive accommodations become available.

If the patient's condition requires isolation for his/her own health or that of others, a private room may be medically necessary when treating a number of physical and mental conditions. These include communicable diseases which require isolation of the patient for certain periods.

Miscellaneous charges are charges made by the hospital at a daily or weekly rate for other hospital services and supplies, or which are regularly made by the hospital as a condition of occupancy of the class of accommodations occupied

SEMI-PRIVATE ROOM AND BOARD – Charges made by a hospital for the cost of room, meals, and services (such as general nursing services) provided to all inpatients on a routine basis in a room designed to accommodate two or more bed patients.

SERVICE IN THE UNIFORMED SERVICES – The performance of a duty on a voluntary or involuntary basis in a Uniformed Service under competent authority and includes active duty, active duty for training, initial active duty for training, inactive duty training, full-time National Guard duty, and a period for which a covered employee is absent from a position of employment for the purpose of an examination to determine the fitness of the covered employee to perform any such duty.

SIGNIFICANT BREAK IN COVERAGE – A period of 63 days or more during which an Employee or Dependent is not covered by any Creditable Coverage. Waiting periods are not included in the calculation of the break in coverage period.

SKILLED NURSING SERVICES – Skilled nursing services are the professional services that may be rendered by a registered professional nurse or by a licensed practical nurse under the direction of a registered professional nurse.

SPECIAL ENROLLEE – An Employee or Dependent who is entitled to and who requests special enrollment (as described in the Eligibility section) within 30 days of losing health coverage; or for newly acquired dependents, within 30 days of marriage, birth, adoption, or placement for adoption.

SUMMARY PLAN DESCRIPTION – Each Employee covered under the Plan will be issued an individual booklet which shall summarize the benefits to which the person is entitled, to whom the benefits are payable, and the provisions of the Plan principally affecting the Employee.

Typically, the booklet is designed to be a summary of the Employee's benefits and in the event of any questions, the master plan document shall be the prevailing document. This Employer issues one booklet that serves as both the Master Plan Document and Summary Plan Description.

SURGICAL PROCEDURE – Surgery is one of the following procedures performed by a physician, other than a resident physician or intern of a hospital: cutting, treating burns, correcting a fracture, reducing a dislocation, manipulating a joint under general anesthesia, paracentesis, administering pneumothorax, injecting sclerosing solution, arthroscopic procedures urethral dilation. Surgical procedures do not include suturing, cryosurgery, electrocauterizing, applying plaster casts, or similar procedures.

The surgeon's charges incurred during the standard follow-up treatment period, will not be covered expenses. These charges should be included in the original surgery charge. Assist surgeon fees will be allowed if medically necessary. The allowable amount for assistant surgeon services will not exceed 20% of the maximum allowed amount for the surgery. Assistant Surgeons will not include Surgical First Assistants (SFA) and/or Certified First Assistants (CFA) charges.

TOTAL DISABILITY – This means a disability commencing after the date a covered person becomes effective under this Plan and resulting from bodily injury or illness which wholly prevents:

a. an employee from engaging in any and every business or occupation and from performing any and all work for compensation or profit; or
b. a dependent from performing the normal activities of a person of like age and sex.

TREATMENT – Any service or supply used to evaluate, diagnose or remedy a condition of a covered person.

UNIFORMED SERVICES – The Armed Forces, the Army National Guard and Air National Guard when engaged in active duty for training, inactive duty training, or full-time National Guard duty, the commission corps of the Public Health Service, and any other category of persons designated by the President of the United States of America in time of war or emergency.

URGENT CARE CLAIM – A claim for medical treatment which, if the regular time periods observed for claims were adhered to:

a. could seriously jeopardize the life or health of the claimant or the ability of the claimant to regain maximum function, or
b. would, in the opinion of a physician with knowledge of the claimant's medical condition, subject the claimant to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.

Any claim that a physician with knowledge of the claimant's medical condition determines to be a "claim involving urgent care" will be deemed to be an urgent care claim. Otherwise, whether a claim is an urgent care claim will be determined by an individual acting on behalf of the Plan, and applying the judgment of a prudent layperson who possesses an average knowledge of health and medicine.

USERRA – The Uniformed Services Employment and Reemployment Rights Act of 1994, as amended from time to time.

WAITING PERIOD – The term that must pass under this Plan (or for purpose of determining creditable coverage, any other health plan) before an Employee or Dependent is eligible to enroll in the Plan (or other health plan). Note, the time between the date a Late Enrollee or Special Enrollee first becomes eligible for enrollment under the Plan and the first day of coverage will not be treated as a waiting period.

COMPREHENSIVE MEDICAL BENEFITS

ANNUAL MEDICAL MAXIMUM
The annual maximum payable under the Medical portion of the Plan is shown in the Schedule of Benefits.
The maximum applies to each individual covered by the Plan. Some benefits, as shown in the Schedule of Benefits have separate lifetime and/or annual individual maximums. Maximum benefits are limited to the period of time the individual is covered by this Employer and any benefit plans that may be offered.

LIFETIME MEDICAL MAXIMUM
The lifetime limit on the dollar value of benefits under this plan no longer applies. The maximum payable under the Medical portion of the Plan is shown in the Schedule of Benefits. The maximum applies to each individual covered by the Plan. Some benefits, as shown in the Schedule of Benefits have separate lifetime individual maximums. Maximum benefits are limited to the period of time the individual is covered by this Employer and any benefit plans that may be offered.

LARGE CLAIM MANAGEMENT
This Plan allows the Employee and covered dependents access to cost-effective alternative treatment. The purpose of "alternative treatment" is to reduce cost and provide quality care if an Employee or a covered family member are affected by a severe medical problem requiring intensive or long-term care. Expenses which are normally not covered under this Plan, but which are recommended by a Large Claim Management Service and approved by the Plan Sponsor and any excess loss carrier will be reimbursable under this provision.

The Plan Supervisor and excess loss company will investigate other treatment programs to provide this Large Claim Management. The Employee and the patient's attending physician will be part of this process. This allows the Employee to make health care decisions that meet the patient's individual needs.

DEDUCTIBLES
Individual: The individual deductible is the total amount of covered expenses that an Employee or dependents must satisfy in each calendar year before an Employee or dependents are eligible for the Comprehensive Medical Benefits.

Family: The family deductible is the total amount of covered expenses covered members of a family must satisfy in each calendar year before all covered family members are eligible for the Comprehensive Medical Benefits. Any number of family members may help to meet the family deductible amount, but no more than each person's individual deductible amount may be applied toward satisfaction of the family deductible by any family member.

Carryover: There is no carryover of deductible from one calendar year to the next.

If two or more covered family members incur total covered medical expenses equal to the Family Deductible in one year, there will be no further deductibles taken for any covered family members for that calendar year.

Family Accident Provision
If two or more covered family members are injured in the same accident, only one individual deductible will apply to charges related to that accident.

Any expenses not covered by this Plan, eligible expenses exceeding any plan maximums; pre-utilization penalties and charges in excess of the reasonable and customary amount or negotiated rate will not apply to deductibles.

BENEFITS
Plan A:
Covered medical expenses incurred after any Deductible are payable at the rate of 80% (unless otherwise stated in the Schedule of Benefits) and the Employee is responsible for paying the remaining 20% when an in-network provider is used. For out-of-network services, covered medical expenses incurred after any Deductible are payable at the rate of 70% and the Employee is responsible for paying 30%.

Plan B:
Covered medical expenses incurred after any Deductible are payable at the rate of 80% (unless otherwise stated in the Schedule of Benefits) and the Employee is responsible for paying the remaining 20% when an in-network provider is used. For out-of-network services, covered medical expenses incurred after any Deductible are payable at the rate of 50% and the Employee is responsible for paying 50%.

COINSURANCE LIMIT

Plan A:

Individual Limit: When 20% for in-network (30% for out-of-network) of such expenses incurred for any one family member in one calendar year equals the individual coinsurance limit shown in the Schedule of Benefits, any benefits payable for such covered expenses incurred for that family member in the rest of that calendar year will, after any applicable deductible, be paid at the rate of 100% rather than 80% for in-network (70% for out-of-network), except where maximum benefits have been met.

Family Limit: For a family unit, when 20% for in-network (30% for out-of-network) of such expenses for all family members in one calendar year equals the family coinsurance limit shown in the Schedule of Benefits, any benefits payable for such covered expenses incurred for all covered family members in the rest of that calendar year will, after any applicable deductibles, be paid at the rate of 100% rather than 80% for in-network (70% for out-of-network), except when maximum benefits have been met.

Plan B:

Individual Limit: When 20% for in-network (50% for out-of-network) of such expenses incurred for any one family member in one calendar year equals the individual coinsurance limit shown in the Schedule of Benefits, any benefits payable for such covered expenses incurred for that family member in the rest of that calendar year will, after any applicable deductible, be paid at the rate of 100% rather than 80% for in-network (50% for out-of-network), except where maximum benefits have been met.

Family Limit: For a family unit, when 20% for in-network (50% for out-of-network) of such expenses for all family members in one calendar year equals the family coinsurance limit shown in the Schedule of Benefits, any benefits payable for such covered expenses incurred for all covered family members in the rest of that calendar year will, after any applicable deductibles, be paid at the rate of 100% rather than 80% for in-network (50% for out-of-network), except when maximum benefits have been met.

Any expenses not covered by this Plan, plan deductibles, eligible expenses exceeding any plan maximums, pre-utilization penalties, charges in excess of the reasonable and customary amount or negotiated rate, will NOT go toward satisfying the coinsurance limit.

The copayments that an Employee pays for office visits and prescription drugs at the time of purchase through the drug store or mail-order program will apply toward the coinsurance limit of this Plan.

COVERED MEDICAL EXPENSES

Covered Medical Expenses are the reasonable and customary charges which an Employee is required to pay for the following services and supplies received by a covered family member. The services must be performed upon the recommendation and approval of the attending physician for the medically necessary treatment of any non-occupational injury or non-occupational illness:

A. hospital expenses for semi-private or intensive care room and board charges (as limited in the Schedule of Benefits) and hospital services and supplies furnished while confined or out-patient services are used;

B. charges for reasonable and customary fees of legally qualified physicians and surgeons for necessary medical care or treatment. These charges will qualify whether treatment is provided in or outside a hospital setting;

C. charges of a registered graduate nurse for private duty nursing service, but not by one who lives with the Employee or who is a member of his/her family or spouse's family;

D. medical services or supplies prescribed by a legally qualified physician or surgeon, as follows:
   a. drugs or medicines which require a written prescription and must be dispensed by a licensed pharmacist or physician, including prescribed smoking cessation drugs, oral contraceptives/devices and ritalin;
   b. diagnostic x-ray, laboratory and microscopic examinations including allergy testing and any medically necessary pre-operative or pre-admission testing. Covered ultrasound charges for covered pregnant Employees and covered dependents will be limited to two (2) test during a pregnancy. Any ultrasound charges beyond the second test will be not be covered whether or not recommended by a physician as medically necessary. Ultrasounds to check for delivery date or size will not be covered after the second covered ultrasound.
   c. x-ray, radium and radioactive isotopes therapy;
   d. anesthetics and oxygen;
   e. rental of iron lung and other durable medical and surgical equipment including wheel chairs or hospital-type beds and other mechanical equipment for the treatment of respiratory paralysis required for temporary therapeutic use, or the purchase of this equipment if economically justified, whichever is less. Routine maintenance is not covered and deluxe items are limited to the cost of standard items; or
   f. surgical supplies including casts, splints, trusses, braces, crutches, bandages and dressings. Also, necessary prosthetic appliances to replace physical organs or parts or to aid in their functions, but limited to the initial charge or the first such appliance unless due to a bodily change or as recommended and prescribed by a licensed physician;

g. artificial limbs and eyes--but not eye examinations, eyeglasses, hearing aids or orthopedic shoes or other devices to support the feet;
h. charges for necessary transportation by professional ambulance services from the place where a covered person is injured or stricken by illness to the first hospital where qualified treatment can be given. This includes any transfers required by the medical condition (not convenience) of the patient;
i. processing and administration of blood or blood components, including the cost of the actual blood or blood components if replaced;
j. initial eye exam, contact lenses, and/or lenses and frames following cataract surgery (intraocular lens implants received during surgery will also be considered covered medical expenses);
k. fees of a physician or speech therapist for restorative or rehabilitative speech therapy for speech loss or impairment due to an illness, other than functional nervous disorder or to surgery as a result of illness;
l. covered expenses for treatment of nonservice-connected disabilities in Veterans Administration hospitals;
m. covered expenses for care while confined in a military medical facility, which are incurred by a U.S. military retiree (and his or her covered dependents, if any);
n. insulin, insulin syringes and clinitests;
o. immunizations or inoculations which include customary childhood vaccinations and flu shots up to the limits shown in the Schedule of Benefits for Preventative Health Care Expenses;
p. charges for an individually prescribed exercise program for cardiac patients provided to improve cardiovascular function and physical work capacity. Services must be prescribed and authorized by the attending physician of patients with a history of bypass surgery, stable angina pectoris or acute myocardial infarction within the past twelve months;
q. routine mammography examinations for asymptomatic women up to the limits shown in the Schedule of Benefits for Preventative Health Care Expense;
r. routine pap smears and prostate exams up to the limits shown in the Schedule of Benefits for Preventative Health Care Expenses;
s. charges for the reconstruction of a surgically-removed breast, charges for surgery to produce a symmetrical appearance and charges for prostheses and treatment for physical complications from all stages of mastectomy, including lymphedemas.

E. charges for professional and facility therapy services as follows:
Radiation Therapy - The treatment of illness by chemical or biological isotopes.

Chemotherapy - The treatment of illness by chemical or biological antineoplastic agents.

Dialysis - The treatment of acute renal failure or chronic irreversible renal insufficiency for removal of waste materials from the body. This includes hemodialysis and peritoneal dialysis. Services in the home are covered.

Physical Therapy - The use of physical measures, activities and devices, designed to reduce the incidence and severity of physical disability, bodily malfunction and pain.

Occupational Therapy - The use of purposeful activity designed to improve or restore functions which have been impaired due to congenital disability, illness, or injury; or, where the function has been permanently lost or reduced by illness or injury, to improve the individual's ability to perform those tasks required for independent functioning.

Speech Therapy - Treatment for the correction for speech impairment resulting from illness, surgery, injury, congenital and developmental anomalies or previous therapeutic processes.

Special Conditions Coverage

F. **Prescription Drug Benefit –** Covered prescription drugs will be reimbursed as shown in the Schedule of Benefits.

Preferred Drug Program
This plan uses a Preferred Drug Listing compiled by a committee of clinical pharmacists and practicing physicians for their safety, quality, and effectiveness. The brand name drugs on the Preferred Drug Listing are known as "Brand Preferred". Likewise, the brand name drugs not on the Preferred Drug Listing are known as "Brand Non-Preferred". Please contact Dunn and Associates at (812) 378-9960 or (800) 880-9960 if you have any questions concerning the Preferred Drug Listing. In some cases, Dunn and Associates may ask a provider to contact directly.

Network Pharmacies (30-day supply)
A special program has been designed with **Network Drug Stores in this Employer's area** to provide cost savings to Employees participating in this Plan on most drugs purchased at their stores.

In addition to the savings on the drug cost, it will not be necessary to file a claim for drugs purchased at a **Network Store.** On the

Employee's first visit, he needs to identify himself as an Employee covered under this Employer Benefit Plan to receive the discounted price at the time of purchase. After the initial visit, their computer will identify the Employee and his dependents.

For brand name drugs, the cost depends on whether the drug is on the Preferred Drug Listing.

Non Network Pharmacies
When a non-network pharmacy is used, the covered person must pay for the entire cost of each prescription at the time it is filled and file a claim for reimbursement.

Mail Order Drugs (90-day supply)
There will be a Mail Order Drug program for Employees or Dependents who are on maintenance drugs. As with drugs purchased at a pharmacy store, the cost of maintenance drugs purchased through the Mail Order Program will depend on whether the drug is on the Preferred Drug Listing.

Generic Drugs
A generic drug has the equivalency of the brand name drug, with the same use and metabolic disintegration. This Plan will consider as a Generic Drug any Food and Drug Administration-approved generic pharmaceutical dispensed according to the professional standards of a licensed pharmacist and clearly designated by the pharmacist as being generic.

If brand name drug purchased when generic drug available and approved by physician, covered person will be responsible for the **brand** copayment plus the difference in the cost of the generic and the brand name drug purchased.

Off Label Drugs
Off Label use of drugs may be considered by this plan if all other treatment plans have been tried unsuccessfully. Prior authorization must be obtained through the Plan Supervisor. Medical necessity must be documented. Re-evaluation of the use of the off label drug will be required after (no longer than) an initial three month trial period. If substantiated improvement in the patient's condition is not evident, further use of the off label drug will no longer be approved for coverage.

Other Provisions
The copayments or coinsurance that an Employee pays at time of purchase through the drug store or mail-order program will not apply toward the coinsurance portion of this Plan. Copayments for drugs not purchased through the network or mail-order program will not apply toward the coinsurance portion of this Plan.

CanaRx
(90-day supply)
CanaRx is a voluntary prescription drug program that is available to eligible employees, retirees and their covered dependents. For additional information, please refer to the CanaRx handouts available through your Employer. All member copayments have been waived for this program. Deductible will be applied to the H.S.A. Plan when applicable.

Specialty Drugs
A Specialty Drug is a drug that targets and treats specific complex conditions or illnesses such as cancer, rheumatoid arthritis, multiple sclerosis, hepatitis C, and HIV/AIDS. Specialty Drugs require patient-specific dosing and careful clinical management. Often these drugs are in the form of injected or infused Medicines.

Because specialty drugs require special clinical monitoring, they are typically not dispersed through a traditional retail pharmacy; therefore some medications have to be dispensed through specialty pharmacies. Your Pharmacy Benefit Manager (PBM) consistently reviews pricing for Specialty Drugs to find the best value. Therefore, the PBM reserves the right to change the specialty pharmacies from which Specialty Drugs may be obtained and to negotiate pricing for Specialty Drugs to obtain the most cost-effective solution. If you obtain Specialty Drugs at pharmacies that are not approved by your PBM, you will be responsible for 100% of the cost of those Specialty Drugs and they will not be covered under this Prescription Drug Program. Any amounts that you spend toward Specialty Drugs from non-approved pharmacies will not count toward any applicable deductibles or out-of-pocket maximum limits related to the Prescription Drug Program or the Health Care Plan. You can always request the currently-approved specialty pharmacies by contacting Dunn & Associates. We will work with True Rx and other PBM's if necessary for the Specialty Drugs. We will assist you in getting the best price available for the plan and the participant. The PBM used for specialty drugs could be changes at any time.

Out-of-Pocket Expense/Deductible
Out-of-pocket expense is defined as the amount of total covered expenses that are the responsibility of the covered participant and that accumulate toward the prescription drug program's out-of-pocket maximum or deductible expense.

The following amounts do not accrue toward the Out-of-Pocket Expense or Deductible Expense.

- premiums;
- expenses that are not covered under this Prescription Drug Program;
- expenses in excess of the reasonable and customary charges for services or supplies;
- expenses in excess of any maximum benefit list in the Prescription Drug Program;
- penalties;
- expenses reimbursed or covered through assistance programs or discount programs; and expenses related to non-preferred brand-name drugs and brand-name drugs when there is a generic equivalent that is medically appropriate .

Orphan Disease

An orphan disease is defined as a condition that affects fewer than 200,000 people nationwide. This includes diseases as familiar as cystic fibrosis, Lou Gehrig's disease, and Tourette's syndrome and unfamiliar as Hamburger disease, Job syndrome and acromegaly or gigantism.

Orphan Drug

An orphan drug is a pharmaceutical agent that has been developed specifically to treat a rare medical condition, the condition itself being referred to as an orphan disease. The FDA keeps a list of orphan drugs on their website http://www.accessdata.fda.gove/scripts/opdlisting/oopd.

Exclusion Drug List

Any drug or biological that has received an "orphan drug" designation, unless approved by the plan administrator.

Out-of-Pocket Expense/Deductible

The amount of total covered expenses that are the responsibility of the Covered Person and that accumulate toward the Prescription Drug Program's Out-of-Pocket Maximum. Or Deductible Expense. The following amounts do not accrue toward the Out-of-Pocket Expense or Deductible Expense.

a. premiums;
b. expenses that are not covered under this Prescription Drug Program;
c. expenses in excess of the reasonable and customary charges for services or supplies;
d. expenses in excess of any maximum benefit list in the Prescription Drug Program;
e. penalties;
f. expenses reimbursed or covered through assistance programs or discount programs; and expenses related to non-preferred brand-name drugs and brand-name drugs when there is a generic equivalent that is medically appropriate.

G. **Physician Office Visit** (Primary Care Physician) – Covered expenses include charges for office visits rendered by the Employee's Primary Care Physician for the examination, diagnosis, and treatment of an illness or injury. Other services rendered during the visit (i.e. laboratory tests, x-rays, immunizations, etc.) are not included in the office visit copayment.

H. **Outpatient Surgery** – All expenses incurred for medically necessary surgery performed as outpatient surgery will be paid as shown in the Schedule of Benefits for all reasonable and customary charges made the day of the surgery in connection with the surgery. "surgery" is further described under the "Definitions".

I. **Voluntary Second Surgical Opinion** –This Plan pays as shown in the Schedule of Benefits for charges of a physician for a second surgical opinion on the need or advisability of performing a surgical procedure:

a. for which the charges are a Covered Medical Expense;
b. which is recommended by the first physician who proposed to perform the surgery; and
c. which is not an emergency. This means the procedure can be postponed without undue risk to the patient.

A surgical opinion includes the exam, x-ray and lab work and a written report by the physician who renders the opinion. The surgical opinion must be performed by a physician who is certified by the American Board of Surgery or other specialty board. It must take place before the date the proposed surgery is scheduled to be done.

Benefits are not paid for a surgical opinion if the physician who renders the surgical opinion is associated with or in practice with the first physician who recommended and proposed to perform the surgery.

Additional information is detailed under the "Precertification Program" provision.

J. **Hospital Care** – Intensive care charges will be covered expenses as shown in the Schedule of Benefits.

Charges made by a hospital for routine care of a newborn will be paid at 80% after any required deductible for the baby. Also covered are professional fees during the initial hospital confinement for circumcision and in-hospital visits. These charges are covered separately from the mother.

Private room charges will not be covered unless certified as medically necessary by the attending physician and approved by the Plan Supervisor.

K. **Mental and Nervous Disorders** – If a person is an inpatient in a hospital or incurs outpatient expenses, the expenses are covered in the same way as those for any other illness. The Pre-utilization procedures must also be followed for this type of inpatient care.

L. **Substance Abuse Treatment** – If a person is an inpatient in a hospital or incurs outpatient expenses, the expenses are covered in the same way as those for any other illness. The Pre-utilization procedures must also be followed for this type of inpatient care.

M. **Employee Assistance Program** (EAP) – Employees and Dependents with mental/nervous or substance abuse problems may receive guidance for treatment alternatives through the Employee Assistance Program (EAP). This is a confidential counseling program created to help Employees identify those types of problems in their lives.

The Employee will contact the Employee Assistance Provider to assess the problem and refer them to an appropriate provider for help. This Plan will cover charges of facilities and professionals who can provide the medically necessary care.

Most often, treatment can be provided through an outpatient program. This allows the patient to remain in their job and family environment during treatment. A "step program" gives the most effective care in the least restrictive environment.

Benefits are payable at 100% for up to five (5) evaluation or consultation sessions provided by the EAP director. There will be no charge to the employee or dependent for these sessions. If further, more intensive treatment is required, benefits will be paid as shown in the Schedule of Benefits. If the Employee or dependent elects not to use the EAP services available, coverage will be reduced to 50%, as shown in the Schedule of Benefits.

Step Program

a. Outpatient Counseling
b. Intensive Outpatient Treatment
c. Inpatient Care

If Step A is successfully completed, Steps B and C are unnecessary. Only if a critical need exists would a patient begin treatment above Step A. This "Step Program" is designed and administered by professionals within the mental health and substance abuse industry. Your Employer works with the providers to get you and your dependents the treatment which gives the best results and fewest restrictions.

N. **Home Health Care Expenses** – Covered Home Health Care Expenses include:

a. part-time or intermittent care by an R.N., or by an L.P.N. if an R.N. is not available;
b. part-time or intermittent home health aide services for patient care;
c. physical, occupational and speech therapy; and
d. medical supplies, drugs and medicines or lab services ordered by a physician.

Home health care expenses are Covered Medical Expense if:

a. the charge is made by a Home Health Care Agency;
b. the charge is made under a Home Health Care Plan; and
c. the care is given to a covered person in his home

Limitations (if applicable) are stated in the Schedule of Benefits.

O. **Hospice Care Expenses** – Covered Medical Expenses in connection with an approved Hospice Care Program will be paid as shown in the Schedule of Benefits. An interdisciplinary team provides planned and continuous care to terminally ill patients and their families. All medical care is under the direction of a physician. Care is available 24 hours a day, seven days a week.

"Hospice Care Program" means a written outline of the care to be provided for the palliation and management of a person's terminal illness developed by or under the supervision of the attending physician.

"Palliative care" is a course of treatment primarily directed at lessening or controlling pain; it makes no attempt to cure the person's terminal illness.

The charges made for the following furnished to a person for Hospice Care when given as part of a Hospice Care Program are included as Covered Medical Expenses:

Facility Expenses - Charges made in its own behalf by a hospice facility, hospital or convalescent facility for board and room and other services and supplies furnished for pain control and other acute and chronic symptom management.

Other Expenses - Charges made by a Hospice Care Agency or a provider working under the responsibility of the Agency for:

a. part-time or intermittent nursing care by an R.N. or L.P.N. for up to 8 hours in any one day;
b. medical social services under the direction of a physician;
c. psychological and dietary counseling;
d. consultation or case management services by a physician;
e. physical and occupational therapy;
f. part-time or intermittent home health aide services for up to 8 hours in any one day. These consist mainly of caring for the person;
g. medical supplies, drugs, and medicines prescribed by a physician; and

Hospice Exclusions - The following charges will not be covered:

a. bereavement counseling
b. funeral arrangements, pastoral counseling, financial or legal counseling
c. homemaker or caretaker of services
d. services provided by volunteer agencies

P. **Preventative Health Care Expenses** – Expenses incurred for lab work or physician charges for checkups and for the detection of cancer will be paid up to the maximum shown in the Schedule of Benefits. This includes, but is not limited to, annual female pap smears exams, mammograms, prostate, and colon cancer screenings.

In addition, charges for routine electrocardiograms (EKG), treadmill, blood testing and other "checkup" lab charges will be covered up to the maximum shown in the Schedule of Benefits.

The maximum includes professional and diagnostic fees related to the preventative care. It includes "sports" physicals and routine well-baby checkups, lab, immunization/inoculation charges and flu shots.

Q. **Physiotherapy** – Covered expenses in connection with any treatment or physiotherapy on the muscles or vertebra which are not a surgical operation and which are incurred while not confined in a hospital which are billed by a Physician or Physiotherapist shall not exceed the maximum amount shown in the Schedule of Benefits. Charges in excess of the maximum shall not be included as Covered Medical Expenses.

"Physiotherapy" means any treatment of an illness or injury by the use of physical means such as air, heat, cold, light, water, electricity or active exercise. This includes any nonsurgical spinal treatment. "Spinal treatment" means detection or nonsurgical correction by manual or mechanical means of a condition of the vertebral column including distortion, misalignment or subluxation.

A stroke, heart attack, surgical procedure or similar serious illness may require individual evaluation of the annual maximum. If physiotherapy or physical therapy prescribed by the attending physician for a covered individual follows one of these conditions, each claim will be evaluated to determine if the annual maximum will apply.

Under no circumstances will maintenance care be covered. Maintenance care does not improve a condition. It maintains a level of comfort but does not actively correct an illness or injury. If treatment received appears to be maintenance care, the Plan Supervisor reserves the right to request a second medical opinion on the prognosis and effectiveness of the physiotherapy program.

Medically necessary x-rays charges incurred for physiotherapy diagnosis or treatment will be considered as any other x-ray under the Covered Medical Expenses and will not be applied toward the physiotherapy maximum.

R. **Laboratory Expenses** – Covered expenses include laboratory tests and will be paid as stated in the Schedule of Benefits. Designated Laboratory Program: Having laboratory services rendered at a Designated Laboratory Facility is voluntary; however, it can produce substantial savings to the Employee. For information on this program and/or a listing of the facility(ies) in your area, ask your Employer or call Dunn and Associates.

S. **Extended Care/Skilled Nursing Facility** – Charges made by a qualified extended care or skilled nursing facility for their services and supplies are Covered Medical Expenses. They must be furnished to a person while confined to convalesce from an illness or injury and occur during a "Convalescent Period."

A "Convalescent Period" starts on the first day a person is confined in a facility if he:

a. was confined in a hospital for at least 3 days in a row, while covered under this Plan, for treatment of an illness or injury; and
b. is confined in the facility within 14 days after discharge from the hospital; and
c. is confined in the facility for services needed to convalesce from the condition that caused the hospital stay. These include skilled nursing and physical restorative services.

Covered charges include:

a. board and room. This includes charges for services, such as general nursing care, made in connection with room occupancy. Not included is any charge for daily board and room in a private room over the semi-private room rate.
b. use of special treatment rooms.
c. x-ray and lab work.
d. physical, occupational or speech therapy.
e. oxygen and other gas therapy.
f. other medical services usually given by a convalescent facility. This does not include private or special nursing, or physicians services.
g. medical supplies.
h. ambulance transportation to the facility from the hospital where confined.

Covered Extended Care/Skilled Nursing Facility expenses do not include treatment for drug addiction, chronic brain syndrome, alcoholism, senility, mental retardation or any other mental disorder.

T. **Temporomandibular Joint Disorders** – The following charges for treatment of temporomandibular joint (TMJ) disorders will be considered covered medical charges. These charges will be considered medical in nature whether performed by a medical doctor, a dentist or oral surgeon:

a. physical medicine (heat, massage, ultrasound)
b. history/consultations/examinations
c. diagnostic x-rays
d. prescription medications; muscle injections
e. appliance therapy (bite splint) - no more than one every three years with adjustments as necessary
f. joint surgery

TMJ Exclusions:

a. alteration of occlusion (orthodontics)
b. orthognathic surgery (surgical straightening of jaw)

U. **Organ Transplant Expenses - Fully-Insured Transplant Policy**

You have organ transplant coverage insured by National Union Fire Insurance Company of Pittsburgh, Pa. (National Union). The organ transplant coverage provided by National Union pays benefits for certain organ transplants without regard to any benefits that may or may not be provided by this plan. Please contact the AIG Benefit Solutions Transplant Unit at 888-449-2377 for benefit information, pre-authorization of services, and network provider access. You may request a copy of the fully insured organ transplant policy certificate from your Employer.

V. **Transportation Benefit** – Charges for necessary transportation by professional ambulance services from the place where a covered person is injured or stricken by illness to the first hospital where qualified treatment can be given will be considered under this Plan up to the limits shown in the Schedule of Benefits. This includes any transfers required by the medical condition (not convenience) of the patient.

W. **Emergency Accident/Illness** – Covered expenses incurred as the result of an emergency accident or illness will be covered as stated in the Schedule of Benefits. An emergency accident is a sudden external event resulting in bodily injury. "Emergency accident" does not include physical conditions resulting from illness or disease.

An emergency illness is a medical condition that is not accident related. It is characterized by the sudden onset of acute symptoms. The lack of immediate medical attention may result in:

a. permanently jeopardizing health;
b. serious medical consequences,
c. serious impairment of bodily function, or
d. serious and permanent dysfunction of any bodily organ or part.

Diagnostic services are not covered under this benefit. See Diagnostic/X-ray/Lab Services benefit for information on coverage.

X. **Dental Work and Oral Surgery** – Covered expenses include the following:

a. treatment of a fractured jaw or of accidental injuries to natural teeth within 6 months of the accident;
b. alveoloplasty or alveolectomy (area occupied by not less than six teeth per jaw);
c. treatment of cellulitis;
d. excision of soft tissue lesion of the oral cavity; biopsy; excision of tori; excision of benign hard tumor (osteoma), radicular or dentigerous cyst;
e. closure of oro-antral fistula;
f. removal of salivary stone from duct or gland;
g. therapeutic nerve block with alcohol or other sclerosing solutions;
h. surgical removal of impacted teeth;
i. surgical treatment of the Temporomandibular (TMJ) and other jaw disorders and services attributed directly to the TMJ dysfunction. Any other treatment of the TMJ will be considered under the Dental portion of this Plan.

Y. **Cosmetic Surgery** – Cosmetic surgery expenses may be included as Covered Medical Expenses only for the medically necessary treatment or prompt repair of a non-occupational accidental bodily injury Reconstructive surgery necessary for the prompt treatment of a diseased condition, or previous therapeutic process treated while covered under this Plan or correction of congenital defects of covered dependents will be Covered Medical Expenses if they are recommended and performed by a licensed physician. This includes reconstructive breast surgery following a radical mastectomy.

Z. **Cash Reward Program** – When a covered person receives medical care, try to keep notes on the services and supplies received, request an itemized billing for the charges incurred, and check these documents against the Explanation of Benefits (EOB) received from the Plan Supervisor. If there are any discrepancies between the services and supplies received and the billed amount shown on the EOB, please notify the Plan Supervisor in writing. The Plan Supervisor will investigate the charges in question and if an error by the provider was made, 50% of the actual savings to the Plan will be paid to the covered person up to the maximum shown in the Schedule of Benefits.

MEDICAL EXPENSE EXCLUSIONS & LIMITATIONS

No benefits shall be payable under this Plan for any expenses caused by, incurred for or resulting from:

A. services and supplies not specifically covered under the Plan, or not incurred during a period of coverage; or

B. experimental or investigational services, procedures, or substances which have not been recognized by established medical review boards as accepted standard of medical practice by the Federal Drug Administration or the American Medical Association; or

C. cosmetic, elective, plastic, reconstruction or restorative surgery, except as specifically provided for in this Plan. This exclusion includes but is not limited to rhinoplasty, bariatric banding or stapling, liposuction, abdominal reductions or body contouring procedure, any and all surgeries in connection with or as a result of weight loss, breast reductions or enlargements, face lifts or blepharoplasty or any similar surgery of the upper or lower eye lid, whether considered medically necessary by a physician or not; or

D. hearing aids and the fitting thereof; or hearing services and supplies not rendered in connection with medical or surgical treatment for injury or illness; or voluntary ear implants for hearing loss, except in the case of a life and death situation or an accidental injury which occurs while covered under this Plan except as allowed under vision benefit, and except vision exams for covered participants up to age 21 will be covered under the medical plans preventative coverage; or

E. charges for the treatment of refractive errors, including but not limited to eye exams, glasses, contact lenses (or their fitting), radial keratotomy procedures and other forms of surgery and any vision services and supplies not rendered in connection with medical or surgical treatment for injury or illness, except as required by the Patient Protection and Affordable Care Act (PPACA); or

F. charges for, or in connection with, the care or treatment of any injury or illness due to insurrections, atomic explosions, war or any act of war; "war" includes armed aggression resisted by the armed forces of any country, combination of countries, or international organization, whether or not war is declared. An act of terrorism will not be considered an act of war. Terrorism is defined as premediated, politically motivated violence perpetrated against noncombatant targets by substantial groups or clandestine agents, usually intended to influence an audience; or

G. medical care or supplies for which:
   a. no charge was made;
   b. no payment would be required if the covered individual did not have this coverage; or

H. charges for intentionally self-inflicted injury or illness, including but not limited to suicide, attempted suicide, voluntarily taking of drugs (except for those taken as prescribed by a physician), the voluntary taking of poison, or voluntary inhaling of gas, unless such an injury results from a medical condition, physical or mental; or

I. injury or illness resulting from the commission of or attempting to commit an assault or felony or to which a contributing cause was the covered person being engaged in an illegal act or occupation; or

J. any treatment of obesity or weight reduction due to any cause (including drugs), except as required by the Patient Protection and Affordable Care Act (PPACA); or

K. rest, sanatorium or custodial care; or

L. oral care and supplies which are used to change vertical dimension and/or closure or any treatment of teeth or nerves connected to teeth except as provided under Oral Surgery or any other dental services not specifically provided for under Covered Charges (except as allowed under the Employee Dental Benefit); or

M. any expense or charge for the promotion of fertility including (but not limited to):
   a. fertility tests; or
   b. reversals of surgical sterilizations including, but not limited to reconstructions of vasectomy or reconstruction of tubal ligation; or
   c. direct attempts to cause pregnancy by hormone therapy, artificial insemination, in vitro fertilization and embryo transfer; or
   d. surgery performed in an attempt to facilitate or enhance the potential for conception; or

N. acting as pilot or copilot of an ultralight airplane; or

O. repair or replacement of prosthetic devices except as detailed under "Covered Medical Expenses"; or

P. travel, except as allowed under Transportation Benefit, whether or not recommended by a physician; or

Q. services or supplies made by a physician, nurse or other medical practitioner who resides in the household of the covered individual; or is a member of your immediate family; or

R. services or supplies that are not for medically necessary care or for out-of-network charges that exceed reasonable and customary charges or charges not approved by a physician; or

S. marital counseling, recreational, educational or social therapy or training services, except as required by the Patient Protection and Affordable Care Act (PPACA); or

T. services related to sex transformations, sexual dysfunctions or sexual inadequacies; or

U. any form of non-medical self-care or self-help training and any related diagnostic testing; or

V. developmental, educational, scholastic or vocational services or training, including but not limited to treatment for scholastic improvement, vocational training, visual coordination and motor coordination; or

W. personal comfort items such as television, telephones, extra food trays, air conditioners, humidifiers, hot tubs, whirlpools, physical exercise equipment, etc.; or

X. nutritional supplements or vitamins, whether or not recommended or prescribed by a physician unless they are for the treatment of a diagnosed illness (including pregnancy) or injury; or

Y. expenses incurred after termination of coverage under this Plan; or

Z. illness or injury covered by Workmen's Compensation; or

AA. any treatment or physiotherapy on the muscles or vertebra which is not a surgical operation above the limits shown in the Schedule of Benefits unless approved in advance by the Plan Supervisor; or

BB. hospital charges to the extent they are allocable to scholastic education or vocational training or for confinements resulting from a local or state mandate (court-ordered); or

CC. programs or confinements resulting from an arrest or citation for substance abuse and their related use; or

DD. learning disabilities, behavioral or conduct disorder conditions, except as required by the Patient Protection and Affordable Care Act (PPACA); or

EE. any organ transplant not specifically listed as covered, except as required by the Patient Protection and Affordable Care Act (PPACA); or

FF. cost of materials used in any occupational therapy; or

GG. telephone consultations, charges for failure to keep a scheduled visit or charges for completion of a claim form, late fees, finance charges, sales tax, and transport fees; or

HH. massage therapy, hypnosis, or biofeedback, regardless of whether the services are rendered or recommended by a licensed/registered medical professional for any and all causes; or

II. genetic testing unless it is for the purpose of determining the appropriate treatment of a diagnosed illness and screening (including but not limited to amniocentesis and chorionic villus sampling, except as required by the Patient Protection and Affordable Care Act (PPACA); or

JJ. treatment of conditions due to hair loss or replacement of hair even if it is a result of medical treatment except when law requires payment under this plan (i.e. Women's Health and Cancer Rights Act of 1998); or

KK. services received or supplies purchased outside the United States or Canada, unless you or a dependent is a resident of the United States or Canada and the charges are incurred while traveling on business or for pleasure; or

LL. stand-by charges of a physician unless medically necessary and physically present in the operating room; or

MM. charges for services of a resident physician or intern rendered in that capacity; or

NN. charges for services which any school system is required to provide under any law; or

OO. charges for care, treatment, services or supplies that are not prescribed, recommended and approved by the covered person's attending physician; or

PP. claims not submitted with the Plan's filing limit deadlines as specified in "When to File Claim" under Claim Procedures section;

QQ. take home medication from the hospital;

RR. Drugs or drug classes screened must reflect the member's medical history. Screening should only test for the drugs likely to be present, based on the participant's medical history or current clinical status. We will deny payment as not medically necessary if the drug screening does not reflect the participant's medical history. We may audit claims for drug screening reimbursement to confirm the presence of written orders for each test. Routine drug screening is not considered medically necessary.

It is this plans intent to comply the Patient Protection and Affordable Care Act (PPACA).

COORDINATION WITH OTHER PLANS

This Employee Benefit Plan contains a non-profit provision coordinating it with other Plans, or third party liability under which an individual is covered, or under which an individual's allowable expenses (medical or dental) are paid or could be paid (regardless of designation of medical or dental benefits or other type of damage award) so that the total benefits available will not exceed 100% of the allowable expenses. This is called "Coordination of Benefits" (COB).

DEFINITIONS

A. An "allowable expense" is defined as any necessary reasonable and customary expense covered, at least in part, by one of the plans or by third party liability (or arises from an incident making it an element of damage subject to third party liability). Not included is any expenses excluded by the Plan.

B. "Third Party Liability" as used in this section is defined as the liability of some third person or entity for any damages suffered by an individual covered by this Plan and included in such damages "allowable expenses" as above defined. "Third Party Liability" as defined is intended to and shall include any situation where the covered individual is caused harm, injury, illness, or damage because of the wrongful, negligent, intentional, or tortuous act (including strict liability) of the third party, thus making the third party liable to the covered individual. Liability may also be contractual, but this Plan shall be excluded from the definition along with any plan considered for coordination as below delineated and which form a separate coordination basis. This definition as used in this section is also intended and, shall encompass, all or most situations traditionally grouped under the heading of "subrogation" but in this Plan are dealt with as a coordination situation and governed by the express terms of this section even when advancements are made.

PLANS AND THIRD PARTY LIABILITY CONSIDERED FOR COORDINATION

"Plans" means these types of covered or benefits of an individual covered by this Plan:

A. coverage under a governmental program or provided or required by statute, including Part A and Part B of Title XVIII of the Social Security Act as amended (Medicare);

B. other group trusts or other health coverage/insurance of any nature or Employee health coverage; and

C. coverage as provided under the employee's or dependent's motor vehicle insurance medical provisions, under insured or uninsured motorist coverage, homeowners, or like insurance (hereinafter referred to as "Plan Type C").

ORDER OF BENEFIT DETERMINATION

When a claim is made, the primary plan, or primary third party, shall pay its benefits without regard to any other plans or third party liability. Once those benefits have been maximized, then if there are allowable expenses for which payment is available, the secondary plan or person liable would pay benefits to the extent allowed by the plan or the third party liability. No plan or third party liability would pay more than it would without this coordination provision.

The basis for establishing the order in which plans determine benefits shall be as follows:

A. a plan without COB provision will be primary to a plan with COB provision;

B. a plan which covers an individual as an Employee will be primary to a plan which covers an individual as a dependent child;

C. a plan which covers an individual as a spouse will be primary to a plan which covers an individual as a dependent child;

D. if an employee is employed with more than one employer and is eligible for coverage under both employer plans, the plan that has employed the employee the longest will be primary;

E. For children's expenses, the primary plan is the plan of the parent whose birthday comes first in a calendar year. If a plan does not have this provision regarding birthdays, then the rule set forth in this plan will be determined in the order of the benefits;

F. if the birthday anniversaries are the same, then the plan which has covered the dependents the longest will be the primary plan;

G. third parties, under third party liability situations, as defined above and elaborated on below, and the Plan Type C's under "Plans and Third Party Liability Considered for Coordination" are <u>always</u> primary and until all means are exhausted by the individual covered by this Plan to recover fully from the third party for all damages suffered (or responsible insurance) or the Plan Type C, then no amounts of any nature shall be required to be paid under this Plan. The bar of a statute of limitations shall permanently eliminate the Plan's responsibility to pay allowable expenses arising from the incident above described;

H. in the case of <u>separated or divorced parents</u>, the following will apply:
   a. if parents are divorced or separated, and there is a court decree which establishes financial responsibility for medical, dental, and health expenses for the child or requires that person to carry coverage/insurance, the plan or policy of the parent having the coverage/insurance obligation or primary health obligation or primary health obligation which covers the child will be primary to any other plan covering the child.

   b. if there is no such court decree, the plan which covers the child as a dependent of the parent with custody will be primary to the plan of the parent without custody;

   c. if there is not such court decree and the parent with custody has remarried, the order of the benefits will be:
      1. the plan of the parent with custody
      2. the plan of the spouse or domestic partner of the parent with custody
      3. the plan of the parent without custody; and

   d. An obligation to carry coverage/insurance shall always be considered controlling and primary, above any other health obligation.

   When the above rules do not establish an order of benefits, the plan which has the covered individual (patient) the longest will be primary to the plan which has covered the individual for a lesser period.

THIRD PARTY LIABILITY – PLAN TYPE C

A. <u>Plan Obligation</u> – If recovery is obtained from a third party and/or Plan Type C, there shall continue to be no obligation on the part of the Plan to pay allowable expenses, as defined by this Plan and SPD, to or for the benefit of, any individual covered by this Plan until the amount of allowable expenses equals the gross amount paid by, or recovered from, a third party and a Plan Type C who or which is liable for those expenses because of third party liability, or under the terms of the Plan Type C contract. The obligation of this Plan to pay allowable expenses in such event shall begin with, and be limited to, those expenses exceeding Plan Type C and third party liability gross payments and gross recovery, up to the maximum allowed under this Plan. This shall be the case even if the allowable expenses are less than Plan Type C gross payments and third party liability gross recovery at the time of final resolution with Plan Type C entities and third parties. This shall also be the case if the Plan has made payment under agreement as below provided in this Section, and at the time of final settlement with Plan C entities and gross recovery from third parties, the allowable expenses are below Plan Type C payment and third party recovery.

   It shall also be of not consequence that parts of gross recovery or gross payment shall be designated as payment for past, present, or future health expenses or receive any other designation (such as pain and suffering). All amounts paid, no matter how designated, shall be included in gross recovery or gross payments. Likewise, any amounts paid to or recovered by a spouse of the individual covered by this Plan (who has Plan C and/or third party liability recovery rights), as consortium or on any other basis derivative of the covered individual, shall be attributed to the covered individual and combined with and included in the terms "gross payments" and "gross recovery" for the purposes of determining the timing of and level of payments to the covered individual for allowable expenses under this Plan. For clarification, the following example should be instructive.

   An individual covered by this Plan is injured when the car he was driving was negligently struck by another car. The driver of the other car has $50,000 of insurance coverage, but is otherwise destitute. The individual covered by this Plan has his own automobile insurance with $100,000 underinsured motorist coverage. The injured individual recovers $50,000 from the third party, paid by the third party's insurance. The covered individual then recovers another $25,000 from his own policy as an under-insured recovery and this is the designated totally for lost wages and pain and suffering. At the same time, the covered individuals wife is paid another $25,000 under the underinsured provision. At the time of the final payments, the covered individual's allowable expenses amounted to $30,000. The covered individual continued to incur medical expenses as a result of the accident after all payments and recoveries. These allowable expenses totaled to another $73,000.

   Under this example, the Plan had no obligation to pay any allowable expense arising from the automobile accident, until the allowable expenses had exceeded the $100,000 level. The covered individual received $50,000 from the third party, another $25,000 from the Plan Type C policy (his own insurance) even through it was a payment designated for the purposes other than medical, and the covered individual's wife received a consortium payment of $25,000, which was recovery. The Plan would then only be responsible for paying some portion of $3,000 of allowable expenses.

B. <u>Monies Advanced</u> - Monies may be advanced by this Plan for allowable expenses of individuals covered by this Plan Type C and/or third party liability is available for those expenses. Advancement shall be at the sole discretion of the trustees of the Plan, but repayment of monies advanced shall be made in full under the terms of Agreement.

   Any advanced monies shall be subject to the following terms and any others the Plan trustees may impose in the discretion:

a. any agreement must be signed by the covered individual , his spouse, parents, guardians, and his attorney;

b. the Plan administrator must be provided any and all information covered individual or his attorney has concerning Plan Type C entitles; third parties who may be liable to the covered individual and/or is spouse, including name, address and telephone number; and information concerning any insurance of the third party that may be a source of recovery. This duty shall be a continuing one. This obligation shall exist whether or not money is advanced;

c. the Plan, Plan administrator, and its representatives shall have the right to contract the third party, Plan Type C entitles, and the third party's insurers for any reason, including but not limited to notifying them of the advancement of funds for allowable expenses and the interest of the Plan in any payments or recovery. This obligation shall exist whether money is advanced or not;

d. any monies paid to or recovered by the covered individual and his spouse from the Plan Type C entity, and the third party's insurance, or any other source, shall be paid first directly to the Plan to extent of the Plan advancements for allowable expenses. If, for any reason, such payments cannot be made directly to the Plan, then the Plan shall be a payee along with the covered individual, his spouse, and counsel on any payment or recovery from the Plan Type C, third party, or third party's insurance, or any other source of payment;

e. if, for any reason, direct and full payment for advanced allowable expenses has not been made to the Plan, the covered individual, guardian for such individual, his estate, spouse, other derivative entities or individuals, and his counsel, shall be constructive trustees of any funds received by them as a result of recovery or payment from third parties, third party insurance, or Plan Type C payments because of the incident giving rise to such recovery or payment to the extent that the Plan has advanced money for allowable expenses. The recovery or payments received, to the extent advancements were made, shall be the money and specific property of the plan. If recovery or payment has been by joint check with the Plan or Plan Trust a joint payee, then all other payees shall endorse the check and give the check in total to the Plan Administrator; the check shall be deposited with the Plan, and another check issued by the Plan Administrator jointly to the other payees in the full amount of the original check less the full amount of all funds advanced by the Plan as below provided, which shall be retained by the Plan. If the payment or recovery otherwise reaches the covered individual, spouse, guardian, estate, counsel, or other derivative entities or individuals, and money advanced has not been fully reimbursed, then, to the extent that such funds have not been reimbursed, the covered individual, spouse, guardian, estate, counsel, or other derivative entities or individuals shall first pay from funds in their hands the amount of the unreimbursed advancements (unreduced as hereafter provided) before any other monies are paid out for any other purposes. It is understood that all the terms hereinabove and below provided shall include payments made in error by the Plan, which should not have been paid because of the coordination rules of the SPD;

f. in addition to all other rights to Plan shall have to full recovery of advanced funds, the Plan shall have the right of offset against any other allowable expenses to be paid, presently or in the future, by the Plan to the covered individual or his dependents which may be payable by the Plan, whether arising from the third party liability incident or otherwise. Consequently, if for any reason, the covered individual or his dependents or counsel are deemed by the Plan to have improperly refused or failed to reimburse advancements, then the Plan shall have the right to offset the unreimbursed advancements made hereunder against other present or future allowable expenses which would otherwise be paid but for the nonpayment of the advancements hereunder. Such offset shall continue until the Plan's advancements are fully satisfied; and

g. the plan shall be made absolutely whole by the individual covered, his spouse, and his counsel, and the right to full return and repayment for monies advanced shall be unreduced and undiminished by:
   1. any reduction for litigation or other expenses incurred by the individual covered, his spouse, or counsel for any reason including expenses incurred for recovery Plan Type C payments or third party recovery;
   2. any attorney fees of any nature charged by counsel for the covered individual or his spouse for the recovery of the Plan's money or recovery in general;
   3. normal "subrogation deductions" under the law of any state or other jurisdiction including, but not limited to, reductions in repayment of medical expenses because of comparative fault or uncollectability of the full value of the covered individual or spouses claim against a third party or Plan Type C entity because of limited liability insurance for any other cause (for Indiana law see IC 35-51-2-19); or reduction as stated for litigation costs and attorney fees (for Indiana see IC 34-53-1-2); and
   4. any violation of the agreement or the terms herein provided shall subject the individual covered by the Plan and his counsel and spouse to damages to the Plan, actions in replevin, and action for attorney fees and litigation expenses of every nature necessary for the Plan to recover the full funds advanced and any other damages suffered by the Plan including the right of offset as above provided.

The Agreement to be signed shall reflect these terms as well as any other terms thought appropriate to insure the return of 100 cents on every dollar advanced by the Plan.

EFFORT OF COVERED INDIVIDUAL
An individual who has been injured or is ill or damaged, and who incurred allowable expenses as a result of such injury, illness, or damage, and has a Plan Type C claim and/or third party claim, in order to qualify for any payment under this plan for such allowable expenses must exhaust all means to recover fully from the third party or Plan Type C for all damages suffered.

BURDEN OF PROOF
A covered individual under this Plan who has incurred allowable expenses as a result of accident or injury or condition which would give rise to third party liability or Plan Type C recovery, when submitting claims for allowable expenses, shall have the burden of proving, by clear and convincing evidence, that expenses paid after such an incident encompasses by this Section are not related to the incident.

COVERAGE
For further emphasis, this section is intended to cover myriad situations where third party liability or Plan Type C recovery might come into effect including, but not limited to, automobile accidents, which would form a great number of the third party liability cases; however, whatever situations are included under the definition of "Third Party Liability," this Plan shall not be primary.

SUBROGATION
The "Coordination with other Plans" section, above, is intended to embrace most, if not all, situations where normal subrogation provisions would apply, and the agreement for repayment of advancements made under that coordination section, along with its specific terms, shall take precedence over this section under third party liability and Plan Type C situations. However, this Plan shall always be subrogated to the rights of recovery of an individual covered by this plan, his heirs, guardians, executors, agents, or other representatives when it provides benefits resulting from accidental injury or illness, or other loss (hereinafter referred to as injury) to that individual.

The rights of recovery to which the Plan shall be subrogated includes, without limitation, the injured person's rights to recovery:

a. against any person or entity that caused, contributed to, or is in any way responsible for, the injury;
b. against any person, insurance company, health care provider, or other entity that is in any way responsible for providing indemnification, coverage, compensation, or other payment as a result of the injury;
c. under no-fault, personal injury protection, financial responsibility, uninsured motorist, and underinsured motorist insurance;
d. under motor vehicle and wage loss reimbursement insurance;
e. under homeowners, renters, premises, and owners, landlords and tenants insurance including medical reimbursement coverages; and
f. under group accident and health insurance, and athletic team, sporting event, school, club, and other specific risk insurance coverages or accident benefit plans.

The injured person and persons acting on his or her behalf shall do nothing to prejudice the Plan's subrogation rights and shall, when requested, provide the Plan with accident-related information and cooperate with the Plan in the enforcement of its subrogation rights. If the Plan receives notice that it has or may be required to provide injury-related benefits to any person, it shall be entitled to assert a subrogation lien to against responsible entities, persons, insurers, and attorneys when, as necessary, to protect the rights of the Plan and its members and beneficiaries. Even though the Plan may request that a subrogation form must be signed by the injured person, the subrogation right of the Plan shall not be dependent upon the receipt by the Plan of such a form. However, the Plan has the right to hold all benefit payments until a signed subrogation form is received by the Plan.

The amount of the Plan's subrogation interest shall be deducted first from any recovery received by or on behalf of the injured person without regard to whether the recovery has been apportioned between medical or other damages without regard to whether full and complete recovery of damages has occurred. This Plan reserves the right to reduce the amount of its recoverable interest where, at the discretion of its fiduciaries, a reduction is in the best interest of the Plan and its participants and is warranted by the circumstances. The Plan is also entitled to recover any attorney fees that are charged in connection with any recovery, unless the Plan agrees in writing to pay those expenses or fees. The Plan also reserves the right to initiate an action in the name of the Plan or in the name of the injured person to recover its subrogation interest. Nevertheless, it is understood that, except for the rights of this Plan to initiate an action to recover amounts advanced, the coordination section and its terms would govern almost all situations; however, if money is advanced to a covered individual and, unbeknownst to the Plan, another Plan as described in the coordination section was primary or third party liability, or Plan Type C coverage was primary, then this section and its terms are intended to fill such gap, if any.

MEDICARE PROVISIONS

WHEN TO APPLY
It is recommended that an Employee's local Social Security Office be contacted for information concerning enrollment in Medicare at least 45 days before the month in which a family member can qualify for coverage under the Health Insurance Portion of the Social Security Act of the United States known as Medicare.

WHO IS ELIGIBLE TO APPLY
Medicare provisions have been changed by recent government rulings. These provisions will continue to be amended as government regulations change. This Plan will adopt those changes as they are mandated by amendments to the Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA), the Social Security Act and the Social Security Act and Age Discrimination in Employment Act (ADEA).

The following briefly explains how the most recent changes have affected this Employer-sponsored Employee Benefit Plan.

> Effective January 1, 1987, the Consolidated Omnibus Budget Reconciliation Act (COBRA) mandated that employers remain the primary payers of medical care for disabled employees and their dependents from the time Medicare coverage begins until
>
> termination. However, only active employees and their dependents are included in the Medicare-as-secondary provisions. It does not apply to employees who become totally and permanently disabled and are terminated from employment. (See Termination of Coverage for further information.)

In order to implement these amendments, regulations have been handed down by the Equal Employment Opportunity Commission (EEOC) and the Health Care Financing Administration (HCFA).

This Plan will offer equal levels of medical coverage under the same conditions to all active employees without regard to age.

IMPORTANT NOTICE ABOUT YOUR PRESCRIPTION DRUG COVERAGE AND MEDICARE
This notice applies to all employees and dependents who are Medicare eligible or are preparing to become Medicare eligible.

1. Medicare prescription drug coverage is available to everyone with Medicare.

2. Your employer has determined that the prescription drug coverage offered by the Health Benefit Plan they sponsor is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage pays.

3. Read this notice carefully - it explains the options you have under Medicare prescription drug coverage, and can help you decide whether or not you want to enroll.

You may have heard about Medicare's new prescription drug coverage and wondered how it would affect you. Your employer has determined that your prescription drug coverage with them is, on average for all plan participants, expected to pay out as much as the standard Medicare prescription drug coverage will pay. Prescription drug coverage is available to everyone with Medicare through Medicare prescription drug plans. All Medicare prescription drug plans provide at least a standard level of coverage set by Medicare. Some plans might also offer more coverage for a higher monthly premium.

Because your existing coverage is on average at least as good as standard Medicare prescription drug coverage, you can keep this coverage and not pay extra if you later decide to enroll in Medicare coverage. People with Medicare can enroll in a Medicare prescription drug plan from October 15th through December 7th. However, because you have existing prescription drug coverage that, on average, is as good as Medicare coverage, you can choose to join a Medicare prescription drug plan later. Each year after that, you will have the opportunity to enroll in a Medicare prescription drug plan between October 15th through December 7th.

If you do decide to enroll in a Medicare prescription drug plan and drop prescription drug coverage sponsored by your employer, be aware that you may not be able to get this coverage back. If you drop your coverage sponsored by your employer and enroll in a Medicare prescription drug plan, you may not be able to get this coverage back later. You should compare your current coverage, including which drugs are covered, with the coverage and cost of the plans offering Medicare prescription drug coverage in your area.

A description of the Prescription drug program offered by your employer can be found in this Summary Plan Description booklet. In addition, your current coverage pays for other health expenses, in addition to prescription drugs, and you will still be eligible to receive all of your current health and prescription drug benefits if you choose to enroll in a Medicare prescription drug plan.

You should also know that if you drop or lose your coverage sponsored by your employer and don't enroll in Medicare prescription

drug coverage after your current coverage ends, you may pay more to enroll in Medicare prescription drug coverage later. If you go 63 days or longer without prescription drug coverage that's at least as good as Medicare's prescription drug coverage; your monthly premium will go up at least 1% per month for every month that you did not have that coverage. For example, if you go nineteen months without coverage, your premium will always be at least 19% higher than what most other people pay. You'll have to pay this higher premium as long as you have Medicare coverage. In addition, you may have to wait until next October to enroll.

For more information about this notice or your current prescription drug coverage… Contact our office for further information or call Dunn and Associates Benefit Administrators, Inc. at (812) 378-9960 or (800) 880-9960. NOTE: You may receive this notice at other times in the future such as before the next period you can enroll in Medicare prescription drug coverage, and if this coverage changes. You also may request a copy.

If you do not choose to enroll in the Medicare Part D program, you should always review the language in this Summary Plan Description booklet concerning your prescription drug coverage before the next period you can enroll in Medicare prescription drug coverage. Whether, on average for all plan participants, the plan is expected to pay out as much as the standard Medicare prescription drug coverage payment is re-evaluated from time-to-time.

For more information about your options under Medicare prescription drug coverage…
More detailed information about Medicare plans that offer prescription drug coverage was available in any "Medicare & You" handbook issued each year. All Medicare eligible individuals should receive a copy of the handbook in the mail from Medicare. You may also be contacted directly by Medicare prescription drug plans. You can also get more information about Medicare prescription drug plans from these places:

- Visit www.medicare.gov for personalized help,
- Call your State Health Insurance Assistance Program (see your copy of the Medicare & You handbook for their telephone number)
- Call 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048.

For people with limited income and resources, extra help paying for a Medicare prescription drug plan is available. Information about this extra help is available from the Social Security Administration (SSA). For more information about this extra help, visit SSA online at www.socialsecurity.gov, or call them at 1-800-772-1213 (TTY 1-800-325-0778).

TERMINATION OF COVERAGE

AN EMPLOYEE'S COVERAGE
The coverage of any employee will terminate on the end of the month following the date on which any of the following events first occurs:

a. the day of which employment terminates;
b. transfer to a class of employees not covered by the Plan;
c. the date the participant dies;
d. the day on which any required contributions are not paid;
e. the date the Plan terminates; or
f. the date the participant enters the Armed Forces, except when covered by USERRA.

"Ceasing active work" will be considered to be cessation of employment. Employment may be deemed to continue for some of the coverages, up to the limits shown in the Schedule of Benefits, if the Employee is not at work to due illness or injury.

If any employee becomes totally disabled, then his eligibility date for termination of employment will be determined from the date his continual disability commenced as follows:

Employee Seniority	Continuation of Eligibility Before Termination
Up to 10 years	3 months
Over 10 years	6 months

At the end of the period determined by this table, an Employee's options for Continuation of Coverage (COBRA) for his health benefits, as explained in this booklet, will be available. If any employee should become eligible for medical benefits under social security disability, then his benefits under this provision will terminate the date social security medical benefits commences.

DEPENDENT COVERAGE
The coverage of any dependent will terminate end of the month following the date on which any of the following events first occurs:

a. termination of eligibility as a dependent
b. termination of the covered employee
c. failure to make any of the required contributions
d. when a dependent becomes covered for employee coverage

Dependents will continue to be covered for disabled employees as provided by the termination table.

LEAVE OF ABSENCE
Employees who are granted a formal leave of absence for any reason, other than the Family and Medical Leave Act of 1993, may continue coverage under the Plan in accordance to the Employer's personnel policy that is in force at the time of the leave. The Employee will be responsible for the premium during the leave.

Family and Medical Leave Act of 1993 (FMLA): During any leave taken under the FMLA, the employer will maintain coverage under this Plan on the same conditions as coverage would have provided if the covered employee had been continuously employed during the entire leave period.

Upon an Employee's return to active employment following a leave of absence, coverage under this Plan will begin immediately with no waiting period.

CERTIFICATES OF PRIOR COVERAGE UNDER THE PLAN
In 1996 the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") was passed by Congress. Under HIPAA, all Employees and their Dependents who are covered by the Plan will automatically receive a Certificate of Group Health Plan Coverage ("Certificate") when they lose coverage under the Plan and upon the loss of coverage should continuation of coverage under COBRA be elected. Additionally, all employees and their Dependents who lose coverage under the Plan may request a new Certificate at any time during the 24 months which follow loss of coverage. The Certificate will include information for both the covered employee and his Dependents unless the information for a Dependent is different from that of the covered employee, and in such case a separate Certificate will be issued for each such person.

The Certificate will be issued free of charge to the employee or Dependent and will show a new Employer or group health plan the period that the Employee or Dependent was covered by the Plan, including the waiting period served prior to the effective date of coverage. A person who receives a Certificate must provide the Certificate to his new group health plan in order for the new group health plan to credit the period that the person was covered by the Plan against the pre-existing condition exclusion waiting period of the new group health coverage, if any.

COBRA CONTINUATION OF COVERAGE

Important. Read this entire provision to understand a Covered Person's COBRA rights and obligations. The following is a summary of the federal continuation requirements under the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA), as amended. This summary generally explains COBRA continuation coverage, when it may become available to You and Your family, and what You and Your Dependents need to do to protect the right to receive it. This summary provides a general notice of a Covered Person's rights under COBRA, but is not intended to satisfy all of the requirements of federal law. Your employer or the COBRA Administrator will provide additional information to You or Your Dependents as required.

The COBRA Administrator for this Plan is: Dunn & Associates Benefit Administrators, Inc.

INTRODUCTION

Federal law gives certain persons, known as Qualified Beneficiaries (defined below), the right to continue their health care benefits beyond the date that they might otherwise terminate. The Qualified Beneficiary must pay the entire cost of the COBRA continuation coverage, plus an administrative fee. In general, a Qualified Beneficiary has the same rights and obligations under the Plan as an active participant.

A Qualified Beneficiary may elect to continue coverage under this Plan if such person's coverage would terminate because of a life event known as a Qualifying Event, outlined below. When a Qualifying Event causes (or will cause) a Loss of Coverage, then the Plan must offer COBRA continuation coverage. Loss of Coverage means more than losing coverage entirely. It means that a person ceases to be covered under the same terms and conditions that are in effect immediately before the Qualifying Event. In short, a Qualifying Event plus a Loss of Coverage allows a Qualified Beneficiary the right to elect coverage under COBRA.
Generally, You, Your covered spouse, and Your Dependent Children may be Qualified Beneficiaries and eligible to elect COBRA continuation coverage even if the person is already covered under another employer-sponsored group health plan or is enrolled in Medicare at the time of the COBRA election.

COBRA CONTINUATION COVERAGE FOR QUALIFIED BENEFICIARIES

The length of COBRA continuation coverage that is offered varies based on who the Qualified Beneficiary is and what **Qualifying Event** is experienced as outlined below. An Employee will become a Qualified Beneficiary if coverage under the Plan is lost because either one of the following Qualifying Events happens:

Qualifying Event	Length of Continuation
• Your employment ends for any reason other than Your gross misconduct	up to 18 months
• Your hours of employment are reduced	up to 18 months

(There are two ways in which this 18-month period of COBRA continuation coverage can be extended. See the section below entitled "The Right to Extend Coverage" for more information.)

The spouse of an Employee will become a Qualified Beneficiary if coverage is lost under the Plan because any of the following Qualifying Events happen:

Qualifying Event	Length of Continuation
• Your spouse dies	up to 36 months
• Your spouse's hours of employment are reduced	up to 18 months
• Your spouse's employment ends for any reason other than his or her gross misconduct	up to 18 months
• Your spouse becomes entitled to Medicare benefits (under Part A, Part B, or both)	up to 36 months
• You become divorced or legally separated from Your spouse	up to 36 months

The Dependent Children of an Employee become Qualified Beneficiaries if coverage is lost under the Plan because any of the following Qualifying Events happen:

Qualifying Event	Length of Continuation
• The parent-Employee dies	up to 36 months
• The parent-Employee's employment ends for any reason other than his or her gross misconduct	up to 18 months
• The parent-Employee's hours of employment are reduced	up to 18 months

• The parent-Employee becomes entitled to Medicare benefits (Part A, Part B, or both)	up to 36 months
• The parents become divorced or legally separated	up to 36 months
• The Child stops being eligible for coverage under the plan as a Dependent	up to 36 months

COBRA continuation coverage for Retired Employees and their Dependents is described below:

Qualifying Event	**Length of Continuation**
• If You are a Retired Employee and Your coverage is reduced or terminated due to Your Medicare entitlement, and as a result Your Dependent's coverage is also terminated, Your spouse and Dependent Children will also become Qualified Beneficiaries.	up to 36 months
• If You are a Retired Employee and Your employer files bankruptcy under Title 11 of the United States Code this may be a Qualifying Event. If the bankruptcy results in Loss of Coverage under this Plan, then the Retired Employee is a Qualified Beneficiary. The Retired Employee's spouse, surviving spouse and Dependent Children will also be Qualified Beneficiaries if bankruptcy results in their Loss of Coverage under this Plan.	
➢ Retired Employee	Lifetime
➢ Dependents	36 months

Note: A spouse or Dependent Child newly acquired (newborn or adopted) during a period of continuation coverage is eligible to be enrolled as a Dependent. The standard enrollment provision of the Plan applies to enrollees during continuation coverage. A Dependent, other than a newborn or newly adopted Child, acquired and enrolled after the original Qualifying Event, is not eligible as a Qualified Beneficiary if a subsequent Qualifying Event occurs.

RIGHTS TO EXTEND COVERAGE

If you are entitled to an 18 month maximum period of continuation of coverage, you may become eligible for an extension of the maximum time period in two circumstances. The first when a qualified beneficiary is disabled and second is when a second qualifying event occurs.

RETIREE HEALTH BENEFITS

Employees of a local unit public employer, as defined by Indiana Code 5-10-8, will be eligible for continued health benefits through this Plan if they meet the following criteria on or within sixty (60) days_of his/her retirement date:

a. completed twenty (20) years of creditable service with a public Employer, ten (10) years of which must have been completed immediately preceding the retirement date;
b. completed at least fifteen (15) years of participation in the retirement plan of which the employee is a member;
c. reached age 50;
d. not eligible for Medicare coverage prescribed by 42 U.S.C. 1395 et seq.;
e. filed a written request to the Trustees of the Southeast Dubois County School Employee Benefit Trust within ninety (90) days after the employee's retirement date; and
f. employee agrees to pay the premium required by this Employer for such coverage (amount will not exceed the costs based on current COBRA rates.)

Dependent(s) of the Retired Employee may be enrolled for the continued health benefits for so long as the dependent(s) continue to meet all eligibility provisions of the Plan. However, if a Retired Employee does not enroll his/her dependent(s) within ninety (90) days after date of retirement, the dependent may only be enrolled during an open or special enrollment period.

Employee coverage under this provision shall terminate on the earliest of the following dates:

a. the date the covered person becomes eligible for Medicare;
b. the date the covered person fails to pay the required premium when due;
c. the date the employer terminates the health plan coverage; or
d. the date group health plan coverage become available through a new employer;
e. the date you (or any person seeking coverage on your behalf) makes an intentional misrepresentation of a material fact;

Dependent(s) of the Retired Employee will be eligible for the continued health benefits if they continue to meet all provisions of the school corporation. Coverage for spouse will be terminated on the earliest of the following events:

a. when the Employer terminates the health insurance program;
b. the date the dependent no longer meets the definition of a dependent (as stated in this Summary Plan Description/Master Plan Document);
c. the date the spouse remarries;
d. dependent becomes eligible for Medicare coverage; or
e. the date you (or any person seeking coverage on your behalf) makes an intentional misrepresentation of a material fact;

At the time of retirement, you may elect not to enroll in COBRA in lieu of retiree coverage. If you elect COBRA in lieu of retiree coverage for yourself or your spouse or if you fail to make any election under the plan, you and/or your spouse will not be eligible to enroll in the retiree coverage under this plan at a later date. If you elect retiree coverage in lieu of COBRA, the retiree coverage under the plan will be treated as alternative coverage and you will not be eligible to continue coverage under COBRA once retiree coverage under the plan has ended. You are required to pay the entire cost of coverage for you and your spouse in accordance with the policies and procedures established by the plan. The amount of any required contribution will be communicated to you prior to your date of retirement.

Termination of Retiree Coverage

Coverage under the Plan will terminate for you on the earliest of the following dates:
(1) The first of the month you become eligible for Medicare.
(2) The date you (or any person seeking coverage on behalf of yourself) makes an intentional misrepresentation of a material fact. 24 12735-0711 v.0811

Termination of Retiree's Spouse or Surviving Spouse Coverage

Coverage under the Plan will terminate for your Spouse on the earliest of the following dates:
(1) The date the Retiree becomes entitled to Medicare, COBRA will be offered to spouse;
(2) The date your Spouse becomes entitled to Medicare;
(3) The date your Spouse becomes eligible for any other employer-sponsored group health plan;
(4) The date your Spouse (or any person seeking coverage on behalf of your Spouse) makes an intentional misrepresentation of a material fact;
(5) The date a surviving Spouse remarries;
(6) For surviving Spouse ten (10) years after the death of the employee or Medicare eligibility whichever comes first.

Termination of Retiree's Dependent

(1) the date the Dependent fails to meet the definition of a dependent.

USERRA RIGHTS AND COVERAGE

CONTINUATION COVERAGE

If a covered employee is absent from a position of employment with the Employer by reason of Service in the Uniformed Services, such covered employee and his or her covered Dependents shall be entitled to elect to continue coverage under the Plan for a period equal to the lesser of (1) the twenty-four (24) month period beginning on the date on which such covered employee is absent from employment with the Employer by reason of Service in the Uniformed Services; or (2) the day following the date on which the covered employee fails to apply for or return to a position of employment with the Employer as determined pursuant to USERRA Section 4312(e).

COST

If a covered employee and/or the covered Dependent(s) of such covered employee elects continuation coverage, such covered employee and/or covered Dependent(s) shall be required to pay 102% of the full premium cost for such coverage; provided, however, if such covered employee's Service in the Uniformed Services is for a period of fewer than thirty-one (31) days, such person(s) shall not be required to pay more for such coverage than is otherwise required for Covered Persons as described under "Funding" in the General Information section of this document.

COORDINATION WITH COBRA

A covered employee who is absent from work by reason of Service in the Uniformed Services may be eligible for continuation coverage as described in the Continuation of Coverage (COBRA) section of this document. The continuation coverage provided in this section shall not limit or otherwise interfere with those COBRA rights detailed; provided, however, any continuation coverage provided under this Article shall run concurrently with any continuation of coverage available under COBRA.

WAITING PERIODS AND EXCLUSIONS UPON REEMPLOYMENT

Notwithstanding any other provisions, a covered employee and his or her covered Dependents whose benefit coverage is terminated by reason of Service in the Uniformed Services, shall not be subject to any exclusions or waiting period upon reinstatement of such coverage following Service in the Uniformed Services; provided however, the above shall not apply to any condition determined by the Secretary of Veterans Affairs to have been incurred in or aggravated during the performance of Service in the Uniformed Services.

RIGHTS, BENEFITS, AND OBLIGATIONS

The covered employee who is absent from employment with the Employer by reason of Service in the Uniformed Services shall be considered on furlough or leave of absence while performing such service and shall be entitled to such other rights and benefits as are generally provided by the Employer to employees having similar status and pay who are on furlough or leave of absence; provided however, a covered employee who knowingly provides written notice of intent not to return to employment at the Employer shall cease to be entitled to such rights and benefits. Furthermore, a covered employee who is absent from employment with the Employer by reason of Service in the Uniformed Services shall be permitted to apply any accrued paid vacation, annual or similar leave prior to the commencement of such Service in the Uniformed Services.

CONTINUATION OF COVERAGE (COBRA)

In compliance with the Consolidated Omnibus Budget Reconciliation Act (COBRA) of 1986 and technical updates in 1988, 1989 and 1997, all eligible Employees and Dependents covered by this Plan are eligible for "Continuation of Coverage" upon termination of coverage under this Plan. COBRA does not apply to any Life, AD&D or Weekly Indemnity (short-term disability) benefits that may be offered by this Employer.

Federal law requires that most group health plans including this plan, give qualified beneficiaries the opportunity to continue benefits when there is a qualifying event that would result in a loss of coverage under this plan. Continuation of coverage is the same coverage that the plan gives to participants under the plan who are not receiving continuation of coverage. Each qualified beneficiary who elects continuation of coverage will have the same rights under the plan as any other participant or beneficiary.

A **Qualified Beneficiary** is an Employee or Employee's spouse or dependent child who, on the day before a qualifying event, is covered by the Employer's group health plan. A qualified beneficiary also includes a covered Employee's newborn child or children placed for adoption with the covered Employee during the continuation period.

As an Employee covered by your Employer-sponsored group health plan, you have the rights to choose this continuation of coverage if you lose your group health coverage because of voluntary or involuntary termination of employment (except for termination for "gross misconduct") or reduction of hours to fewer than the number required for plan participation.

As the spouse or dependent child of an Employee covered by the Employer-sponsored group health plan, you have the right to choose continuation of coverage under the plan if you lose your group health coverage for any of the following reasons:

a. the death of the Employee;
b. a termination of the Employee's employment (for reasons other than gross misconduct) or reduction in the Employee's hours of employment;
c. divorce or legal separation;
d. the Employee becomes entitled to Medicare benefits; or
e. you cease to be a dependent as defined under the plan.

As a retiree (or a retiree's spouse or child) you have the right to continuation coverage if you have a substantial loss of coverage within one year before or after the Employer becomes subject to a Title XI bankruptcy proceeding.

Benefits may be continued for up to 18 months for termination of employment or reduction of hours. For all other qualifying events, benefits may be continued for up to 36 months.

SOCIAL SECURITY DISABILITY/RAILROAD DISABILITY

If the Social Security Administration/Railroad Retirement Board determines that you, or a covered dependent, were or became totally disabled at any time during the first 60 days of COBRA coverage, existing coverage for the disabled person may be extended an additional 11 months, for a total of 29 months. To qualify for the extension, you must submit a copy of the Social Security/Railroad Retirement Disability Determination notice within 60 days of the determination date to Dunn and Associates Benefit Administrators.

The premiums during the extended 11 months would be at a substantially higher rate than for the initial 18-month period.

COST OF COVERAGE

This "Continuation of Coverage" will be effective upon application and payment of the required premium. Premium is due on a month-to-month basis and should be paid on the first day of the month for which coverage is requested. The premium must be received within a 30-day grace period or coverage will be canceled. Once the coverage is canceled, it cannot be reinstated. If continuation of coverage is elected, payment for continuation coverage provided during the period preceding the election must be made within 45 days of the date of election. The premium is based on the average monthly cost of providing the identical benefits to any active employee. Each year when the Plan renews coverage, your premium will be adjusted for any changes in cost for active employees. Information can be obtained from the Employer concerning application procedures and amount of premium.

If you do not choose continuation of coverage, your group health insurance coverage will end. If you choose continuation of coverage, the Employer is required to give you coverage which, as of the time coverage is being provided, is identical to the coverage provided under the plan to similarly situated active employees and family members. The coverage will begin on the date the group health coverage would otherwise have ended.

The American Recovery and Reinvestment Act of 2008 (ARRA) reduces the COBRA premium in some cases. The premium reduction is available to certain individuals who experienced a qualifying event that is an involuntary termination of employment during the September 1, 2008 and ending December 31, 2009. If you qualify for premium reduction, you need only pay thirty-five (35%) of the

COBRA premium otherwise due to the plan. This premium reduction is available for up to nine months. If your COBRA continuation coverage last for more than nine months, you will have to pay the full amount to continue your COBRA continuation coverage. The Plan will comply with any applicable extensions to the American Recovery and Reinvestment Act (ARRA) of 2008.

TERMINATION OF COVERAGE

The continued coverage will be available unless:

a. the COBRA participant fails to make the required premium payment on time;
b. the covered individual becomes entitled to Medicare;
c. the employer-provided plan ceases to be offered to active Employees;
d. the period for COBRA continuation coverage terminates; or
e. the person on continuation coverage due to disability is no longer disabled.

COBRA AND PRE-EXISTING CONDITIONS

As of September 1, 2014, this plan will not deny any claims due to a pre-existing condition.

Proof of prior coverage is no longer required by this plan. This Employer will provide individuals with a “Certificate of Coverage” which shows *all* coverage provided during the 24-month period prior to a cessation of coverage. The Certificates of Coverage will be provided through December 31, 2014 and as requested thereafter.

NOTIFICATION AND ELECTION

The Plan Supervisor has 14 days from the time it is notified of an Employee's death, termination of employment, reduction of hours, a Dependent's Medicare entitlement or the Employer's bankruptcy (for eligible retirees) to notify the Employee and his Dependents of their COBRA rights.

If a Dependent becomes ineligible under this Plan due to age, divorce or separation, it is the Employee's responsibility to notify this Employer or Plan Administrator within 60 days of the event. The proper forms for application for COBRA "Continuation of Coverage" benefits will then be issued.

A beneficiary will have no less than 60 days from the date of notification of COBRA rights or termination of benefits, whichever is later, to elect the continued coverage. To continue coverage, a beneficiary must send written notice to continue benefits under COBRA to the Plan Supervisor before the end of that 60-day period. Should you become incapacitated during the election period, and have no spouse to act on your behalf, time will stop regarding the election period and will resume only when you regain the ability to elect coverage or an administrator is appointed to handle you affairs.

You do not have to show that you are insurable to choose continuation coverage. However, under the law you may have to pay all or part of the premium for your continuation coverage. The law also says that, at the end of the 18-month or 36 month continuation coverage period, you must be allowed to enroll in a conversion health plan if a conversion is included in the Plan.

If you have any questions, please contact Dunn and Associates or your Employer. If you or your spouse have changed addresses, please notify your Employer or Dunn and Associates. All notices will be sent to the last known address.

GENERAL PROVISIONS

AMENDMENTS
The Plan Administrator reserves the right to amend the Plan in order to add or delete any Plan benefit, or otherwise change the terms of the Plan at any time without prior notice to Employees. The Employees will be notified in writing within 120 days of the change in compliance with ERISA requirements.

ASSIGNMENTS
The Plan will pay any benefits accruing under this Plan to the Employee unless the Employee assigns the benefits to a hospital, physician or other provider of service furnishing the service. No assignment, however, shall be binding on the Plan unless the Plan Supervisor is notified in writing of such assignment prior to payment hereunder.

CESSATION OF BENEFITS
If the Group policy is terminated, or if it is amended to terminate the health coverage of the class of which the Employee or his Dependents are members, then no benefits will be payable under the Plan for any charges, fees or expenses incurred on or after the date of termination.

CHANGE OR DISCONTINUANCE OF PLAN
It is hoped that this Plan will be continued indefinitely, but as is customary in group plans, the right of change, modification or discontinuance at any time must be reserved. The Employer will promptly give notice of any such changes to the Employees affected.

CLERICAL ERROR/MISSTATEMENTS
Neither clerical error in keeping records pertaining to the coverage, nor delays in making entries thereon, shall invalidate coverage otherwise validly in force or continue coverage otherwise validly terminated, but upon discovery of such error or delay an equitable adjustment shall be made.

If any facts relevant to the existence of amount of coverage shall have been misstated, the true facts will determine whether or not, and how much, coverage is in force.

Any material misrepresentation on the part of the Employee in making application for coverage, or any application for reclassification of that coverage, or for benefits under this Plan shall render coverage voidable by the Plan Supervisor.

COMPLIANCE WITH CONTRACT PROVISIONS
Failure of the Insurance Company, the Plan Administrator or the Plan Supervisor to insist upon compliance with any given provision of the group contracts at any given time will not affect its right to insist upon compliance with such provision at any other time.

CONFORMITY WITH LAW
If any provision of the Plan is contrary to any state, federal or other law to which it is subject, the provision is changed to meet the law's minimum requirement.

CONTRACT
This booklet describes the principal features of the Employee Benefit Plan. The complete terms of the Plan are set forth in the Master Plan Document and the group contract issued by the Insurance Company to the policyholder (the Employer). The policies and documents are on file in the office of the Plan Administrator and are open to inspection at any time during regular business hours.

EMPLOYEE BOOKLETS AND IDENTIFICATION CARDS
This Summary Plan Description (SPD) will serve as the Employee Booklet to summarize the essential feature of the Plan's coverage. Employees will all receive identification cards showing the Plan Supervisor's address and phone to provide coverage and benefit information.

FACILITY OF BENEFIT PAYMENT
Whenever payments which should have been made under this Plan have been made under any other plans, the Plan shall have the right, to pay over to any organizations making such other payment any amounts it shall determine to be valid. Amounts so paid shall be deemed to be benefits paid under this Plan and, to the extent of such payments, the Plan Supervisor shall be fully discharged from liability under the Plan.

FREE CHOICE OF PHYSICIAN/EXAMINATION
The Employee and his Dependents shall have free choice of any qualified physician or surgeon and the physician-patient relationship shall be maintained.

HMO OPTION
If an Employee or one of his dependents elect to be covered under any Health Maintenance Organization (HMO Plan) or offered through this Employer or his dependent spouse's employer, that individual will be included in the Medical benefits as detailed in the Coordination of Benefits section of this Plan. It will be the responsibility of the Employee to provide the information needed to coordinate the benefits.

Health Maintenance Organization (HMO) means any group of health care providers who assume contractual responsibility to provide or assure delivery of ambulatory and inpatient health services to a voluntarily enrolled population that pays a fixed premium.

MAINTENANCE OF EMPLOYEE RECORDS
The Plan shall maintain records from which may be determined the names, addresses, and effective dates of all Employees participating in the Plan. The Plan shall, as often as is necessary, require verification as to Dependents entitled to receive benefits under the Plan.

NOT LIABLE FOR ACTS OF HEALTH CARE PROVIDERS
Nothing contained in this Plan or its documents shall confer upon an Employee or Dependent any claim, right or cause of action, either at law or in equity against the Plan Administrator, the Employer or the Plan Supervisor for the acts of any health care provider in which he receives care or services under this Plan. Health care provider for the purposes of this provision includes but is not limited to hospitals, physicians and pharmacies.

PHYSICAL EXAMS AND AUTOPSY
The Plan Supervisor, at the direction of the Plan Administrator, reserves the right to have a physician of his choice examine a covered Employee or his Dependent whose condition, sickness or injury is the basis of a claim. All such examinations shall be at the expense of the Plan. This right may be exercised when and as often as it may reasonably require during consideration of a claim under the Plan. The Plan has the right to obtain this physicians opinion before payment of any benefits of the claim are made.

The Plan may request a physician to perform an autopsy in case of death where it is not forbidden by law.

PREEXISTING CONDITIONS
Covered individuals who are eligible for benefits as of September 1, 2014 shall be entitled to benefits for expenses incurred as a result of a "pre-existing condition." The pre-existing condition exclusion no longer applies to charges incurred on or after September 1, 2014.

PREGNANCY
Medical Expenses benefits are payable for pregnancy-related expenses of covered female Employees and Dependents on the same basis as any other illness while the individual is covered under the Plan. In regards to, the maternity stay, this Plan authorizes a stay, for the mother and the child, of 48 hours for uncomplicated normal deliveries and a 96 hour stay for caesarean section. This stay may be changed only be the attending physician in consultation with the mother.

RIGHT OF RECOVERY
If it is determined that benefits paid under this Plan should have been paid by any other plan, person or organization, the Plan Supervisor (acting as an agent for the Plan Administrator) will have the right to recover those payments from:

A. the person to or for whom the benefits were paid; and/or

B. the other companies or organizations liable for the benefit payment.

The Plan also reserves the right to withhold the amount of such excess payment from future benefits payable to the covered person or his assignee.

RIGHT TO RECEIVE AND RELEASE NECESSARY INFORMATION
For the purpose of determining the applicability of and implementing the terms of this provision of the Plan or any provision of similar purpose of any other plan, the Plan Supervisor (under the direction of the Plan Administrator) may, without the consent or notice of any person, release to or obtain from any other insurance company or other organization or person any information, with respect to any person, which the Plan Supervisor deems to be necessary for such purposes.

Any person claiming benefits under this Plan shall furnish to the Plan Supervisor such information as may be necessary to implement this provision.

GENETIC INFORMATION NONDISCRIMINATION ACT OF 2008 (GINA)
The new rule which apply for plans beginning on or after December 2, 2009, strictly regulate the collection and use of genetic information, including but not limited to genetic tests and family medical history. Genetic information may not be used for underwriting purposes or benefit determination.

PLAN STATUS
The Trust believes this plan is a "non-grandfathered health plan" under the Patient Protection and Affordable Care Act (the Affordable Care Act). Being a non-grandfathered health plan means that plan may include certain consumer protections of the Affordable Care Act, for example, the requirement for the provision of preventive health services without any cost sharing. However, grandfathered health plans must comply with certain other consumer protections in the Affordable Care Act. Questions regarding which protections apply and which protections do not apply to a grandfathered health plan and what might cause a plan to change from grandfathered health plan status can be directed to Dunn & Associates. [For ERISA plans, you may also contact the Employee Benefits Security Administration, U.S. Department of Labor at 1-866-444-3272 or www.dol.gov/ebsa/healthreform. This website has a table summarizing which protections do and do not apply to grandfathered health plans.] It is this plans intent to comply the Patient Protection and Affordable Care Act (PPACA).

PRIVACY PROVISIONS

In accordance with the requirements of the Health Insurance Portability and Accountability Act of 1996, as amended ("HIPAA"), the following provisions shall apply with respect to the Plan's disclosure of Protected Health Information ("PHI") on or after *April 14, 2004*.

A. **Disclosure of Summary Health Information to the Plan Sponsor** – In accordance with the Privacy Standards, the Plan may disclose Summary Health Information to the Plan Sponsor, if the Plan Sponsor requests the Summary Health Information for the purpose of (a) obtaining premium bids from health plans for providing health insurance coverage under this Plan or (b) modifying, amending or terminating the Plan.

   "Summary Health Information" may be individually identifiable health information and it summarizes the claims history, claims expenses or the type of claims experienced by individuals in the Plan, but it excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by five-digit zip code.

B. **Disclosure of PHI to the Plan Sponsor for Plan Administration Purposes** – In order that the Plan Sponsor may receive and use PHI for Plan Administration purposes, the Plan Sponsor agrees to:

   a. not use or further disclose PHI it receives from the Plan other than as permitted or required by the Plan documents or as required by law;

   b. ensure that any agents, including a subcontractor, to whom it provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such information;

   c. not use or disclose the information for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor;

   d. report to the Plan any use or disclosure of the information that is inconsistent with the uses or disclosures provided for of which it becomes aware;

   e. make PHI available to plan participants, consider their amendments and, upon request, provide them with an accounting of PHI disclosures;

   f. make its internal practices, books, and records relating to the use and disclosure of PHI received from the Plan available to the Secretary of Health and Human Services upon request;

   g. if feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such information when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the information infeasible; and

   h. ensure that the adequate separation required in the Plan is established.

   Separation Between Plan and Plan Sponsor:

   a. A list of employees, or classes of employees, or other persons under control of the Plan Sponsor who shall be given access to the PHI to be disclosed is available in the Human Resources Department of this Employer. Any employee or person who received PHI relating to payment under, health care operations of, or other matters pertaining to the Plan in the ordinary course of business shall be deemed to have been included in such list.

   b. The access to and use of PHI by the individuals described in subsection (a) above shall be restricted to the Plan Administration functions that the Plan Sponsor performs for the Plan.

   c. The Plan Administrator shall investigate any allegations by a participant, beneficiary or other person of a breach of the Plan Sponsor's or Plan's obligations under this Privacy Provision. If the person responsible for the breach is an employee of the Plan Sponsor, the Plan Sponsor shall take such disciplinary action against that person as required under the Plan Sponsor's employment policies and practices.

      "Plan Administration" activities mean administration activities performed by the Plan Sponsor on behalf of the Plan and excludes functions performed by the Plan Sponsor in connection with employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor.

C. **Disclosure of Certain Enrollment Information to the Plan Sponsor** – Pursuant to Section 164.504 (f)(1)(iii) of the Privacy Standards (45 CFR 164.504 (f)(1)(iii)), the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has disenrolled from a health issuer or health maintenance organization offered by the Plan to the Plan Sponsor.

D. **Disclosure of PHI to Obtain Stop Loss or Excess Loss Coverage** – The Plan Sponsor hereby authorizes and directs the Plan, through the Plan Administrator or the Plan Supervisor, to disclose PHI to stop loss carriers, excess loss carriers or managing general underwriters (MGUs) for underwriting and other purposes in order to obtain and maintain stop loss or excess loss coverage related to benefit claims under the Plan. Such disclosures shall be made in accordance with the Privacy Standards.

E. **Other Disclosures and Uses of PHI** – With respect to all other uses and disclosures of PHI, the Plan shall comply with the Privacy Standards.

EMPLOYEE RIGHTS UNDER ERISA

As a participant in this Plan you are entitled to certain rights and protections under the Employee Retirement Income Security Act of 1974 (ERISA). ERISA provides that all Plan participants shall be entitled to:

A. **Receive Information About Your Plan and Benefits**

a. Examine, without charge, at the plan administrator's office and at other specified locations, such as worksite and union halls, all documents governing the plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Pension and Welfare Benefit Administration.

b. Obtain, upon written request to the plan administrator, copies of documents governing the operation of the plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated summary plan description. The administrator may make a reasonable charge for the copies.

c. Receive a summary of the plan's annual financial report. The plan administrator is required by law to furnish each participant with a copy of this summary annual report.

d. Obtain a statement telling you whether you have a right to receive a pension at normal retirement age and if so, what your benefits would be at normal retirement age if you stop working under the plan now. If you do not have a right to a pension, the statement will tell you how many more years you have to work to get a right to a pension. This statement must be requested in writing and is not required to be given more than once every twelve (12) months. The plan must provide the statement free of charge.

B. **Continue Group Health Plan Coverage**

a. Continue health care coverage for yourself, spouse or dependents if there is a loss of coverage under the plan as a result of a qualifying event. You or your dependents may have to pay for such coverage. Review this summary plan description and the documents governing the plan on the rules governing your COBRA continuation coverage rights.

As of September 1, 2014, this plan will not deny any claims due to a pre-existing condition.
Proof of prior coverage is no longer required by this plan. This Employer will provide individuals with a "Certificate of Coverage" which shows *all* coverage provided during the 24-month period prior to a cessation of coverage. The Certificates of Coverage will be provided through December 31, 2014 and as requested thereafter.

C. **Prudent Actions By Plan Fiduciaries**

a. In addition to creating rights for plan participants, ERISA imposes duties upon the people who are responsible for the operation of the employee benefit plan. The people who operate your plan, called "fiduciaries" of the plan, have a duty to do so prudently and in the interest of you and other plan participants and beneficiaries. No one, including your employer, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a (pension, welfare) benefit or exercising your rights under ERISA.

D. **Enforce Your Rights**

a. If your claim for a (pension, welfare) benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules.

b. Under ERISA, there are steps you can take to enforce the above rights. For instance, if you request a copy of plan documents or the latest annual report from the plan and do not receive them within 30 days, you may file suite in a Federal court. In such a case, the court may require the plan administrator to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of the administrator. If you have a claim for benefits which is denied or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the plan's decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that plan fiduciaries misuse the plan's money, or if you are discriminated against for asserting your rights, you may seek assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful the court may order the

person you have sued to pay these costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if it finds your claim is frivolous.

E. **Assist with Your Questions**

a. If you have any questions about your plan, you should contact the plan administrator. If you have any questions about this statement or about your right under ERISA, or if you need assistance in obtaining documents from the plan administrator, you should contact the nearest office of the Pension and Welfare Benefits Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquires, Pension and Welfare Benefits Administration, U. S. Department of Labor, 200 Constitution Avenue N. W., Washington, DC 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Pension and Welfare Benefits Administration.

CLAIM APPEAL AND REVIEW PROCEDURES

WHEN TO APPEAL
When a claim is denied in whole or in part, you or your authorized representative will have 180 days following receipt of an adverse benefit decision to appeal the decision.

APPEAL PROCESS
To appeal a denied claim (in whole or in part), send a written request to the Plan Supervisor along with the reason you think claim should be reviewed. You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or information were submitted in connection with the initial claim. You may also request that the Plan provide you, free of charge, copies of all documents, records and other information relevant to the claim.

Appeals will be handled by an appropriate person who is neither the person who made the original claims decision nor subordinate to that original decision maker. If a claim involves a medical judgment (including whether a treatment, drug, or other item is experimental, investigational, or not medically necessary or appropriate), the Plan will consult with a health care professional who has appropriate training and experience in the field of medicine involved in that judgment, but not the same person (or a subordinate of the person) who has consulted on the initial decision.

You will be notified of the decision not later than 30 days (for pre-service claims) or 60 days (for post-service claims) after the appeal is received.

You and your Plan may have other voluntary alternative dispute resolution options, such as mediation. One way to find out what may be available is to contact your local U.S. Department of Labor Office and your state insurance regulatory agency.

Urgent Care Claims: You or your authorized representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision will be communicated between you or your authorized representative and the Plan by telephone, facsimile, or other similar method. You will be notified of the decision not later than 72 hours after the appeal is received.

NOTICE OF APPEAL DETERMINATION
For all appeals, the Plan Supervisor will review your request and notify you in writing of its decision. A notice of adverse appeal will include:

a. the specific reason(s) for the adverse claim decision;
b. a reference to pertinent Plan provision, internal rules, guidelines, protocol, or similar criterion relied on in making the adverse determination (or a statement that such information will be provided free of charge upon request);
c. if the denial is based on medical necessity or experimental treatment, an explanation of the scientific of clinical judgment used in making the decision (or a statement that an explanation will be provided free of charge upon request);
d. a statement that the claimant is entitled to receive, upon request and free of charge, reasonable access and copies of all other relevant documents; and
e. a statement informing the claimant about the right to bring a civil action under section 502(a) of ERISA.

LEGAL ACTION
A claimant who disagrees with the decision after an appeal may have the right to bring a civil action under section 502(a) of ERISA. No action at law or in equity may be brought to recover under this Plan: (1) if the claimant fails to exhaust the Claims Appeal and Review Procedure; or (2) before final denial of a claim in accordance with that procedure; or (3) later than three years after the date the claim is finally denied.
